### "FISHERMAN JOHN" TO SEARCH FOR THE BODY

Widely Known Stillwater Man Said to be Gifted With Second Sight to Find Drowned People

Believed That Enlisting Him in the Search Will Locate Body of Late Selwyn P. Coffrain

\*\*\*\*\*  
\* Developments in Duck Hunting Tragedy  
\* Farmers heard Coffrain shout for help.  
\* Lodges he belonged to asked to assist in search for body.  
\* Searching party delayed by rough water.  
\* Boats for search hauled from Washburn lake and Outing.  
\* "Fisherman John," of Stillwater, may be enlisted in the search.  
\* Has a record of recovering many lost bodies, and being successful where hundreds have failed.  
\*\*\*\*\*

"Fisherman John," of Stillwater, said to be gifted with second sight enabling him to find drowned bodies, is about to be enlisted in the search for the remains of Selwyn P. Coffrain, Brainerd business man who met his death in the waters of lower Lake George 45 miles north of Brainerd.

"Fisherman John" charges \$100 for his services and an effort is being made to raise the amount and to send for him. He is the man who located one of two drowned in Washburn lake near by last fall.

At the home of Mr. Coffrain in Brainerd are his wife and son and his mother, who has made her home with them for some time. Mr. Coffrain was at one time a resident of St. Cloud, having conducted the Grand Central barber shop there for a number of years and later removing to Brainerd.

Julius Deering's story is to the effect that at the time of the disaster Mr. Coffrain was clad in leather knee boots, khaki pants, wore a sweater and his coat under the same. He had opened his last box of shells before he got into the boat, a duck boat designated a "pumpkin seed" as it resembled it in shape. He is said to have shot 10 or 11 of the shells before he was out of sight, and after that six more, so he only had 12 shells with him at the outside.

He was not in the rice bed. The bottom of the lake where he fell in was hard but weedy.

Engaged in the search at Lake George Monday evening, Tuesday and today are George W. Hess, a former business partner, R. D. King, Mr. Ferro, C. W. Hoffman, D. A. Peterson and G. W. Matheson, the latter an insurance man. The long bar with grappling hooks and appliances for the search were made at Cross Lake, and are being used on Lake George.

The vicinity where the body is believed to be was staked off in squares so that the same ground will not be gone over twice.

Mr. Deering said that the homesteader who had heard Coffrain's cries late Sunday afternoon had walked clear around Lake George in a zigzag course to discover if Coffrain had accidentally shot himself and gotten ashore.

The farmer had heard his cries for help for over 20 minutes. Afterwards hearing others of the hunting party yelling at their dogs, he thought he must have been mistaken. As near as can be ascertained Mr. Coffrain met his death at 5:30 Sunday afternoon.

Dean White told his story of the tragedy today. He said Julius Deering was with him. Mr. White and Mr. Deering went to the lakes Saturday afternoon in a Ford car and early Sunday morning they met Art Koop and S. P. Coffrain who had traveled

(Continued on page 5)

### German Memorandum on Lusitania not Accepted

(By United Press)  
Washington, Oct. 18—Acting Secretary Polk formally announced that the last German memorandum proposing terms for a settlement of the Lusitania sinking had not been accepted by the United States, this being on account of the published reports that the memorandum had been accepted and made a basis for the final settlement. It is reported that the German government in the memorandum reiterated the contention of the torpedoing of the Lusitania was justified, but that the killing of Americans was not justified, and promised financial reparation.

Ashbury Park, N. J., Oct. 18—Secretary Tumulty, after a conference with President Wilson, telephoned Secretary Polk that the published story of the acceptance by the United States and settlement in the Lusitania case was an absolute fabrication.

### Eye Witness Story of Zeppelin Raids

(By United Press)  
Berlin, Oct. 18—A semi-official statement of an eye witness to the Zeppelin raid on England on the night of Sept. 23d says that over 100 buildings were heavily damaged or partly destroyed and that \$10,000,000 would not cover the loss. The British steamer, Humber, having four stacks, was hit and 60 killed, and two warships were badly damaged.

### MOB THREATENS MARINES

(By United Press)  
Athens, Oct. 18—French marines threatened by a mob around the municipal theatre abandoned the place and moved their encampment to Seapaloo Gardens near the royal palace. A battalion of Greek infantry surrounds the place but no clash has yet occurred between the marines and the anti-allies crowds yet. The allies detained 32 car loads of ammunition at Voloin, Thessaly, destined to the interior, it being suspected that the ammunition was for the enemies of the allies.

### KILLED OR CAPTURED

(By United Press)  
Paris, Oct. 18—An official statement says that the Germans made a violent attack upon the French positions south of the Somme at 5 o'clock this morning. Few German detachments reached the French line trenches but were either killed or captured.

### GERMANS LAUNCH ATTACK

(By United Press)  
Bucharest, Oct. 18—Austro-Germans have launched an attack on the whole Carpathian front, according to an official report. Thus far the attacks have been unsuccessful but all news from the front is considered as reassuring.

### BARON BERESFORD.

Intimates in House of Lords That U. S. Violated Neutrality.

### LORDS DECLARE UNITED STATES UNNEUTRAL

London, Oct. 18—Charges that the United States destroyers violated the laws of neutrality when they stood by and watched the U-53 sink British merchantmen were made in the house of lords.

Baron Beresford said the appearance of destroyers made it appear they were present in accordance with previous arrangement.

Presumably he referred to a newspaper suggestion that the U-53's commander might have asked United States naval authorities at Newport to send out destroyers when he paid a call a few hours before the raids.

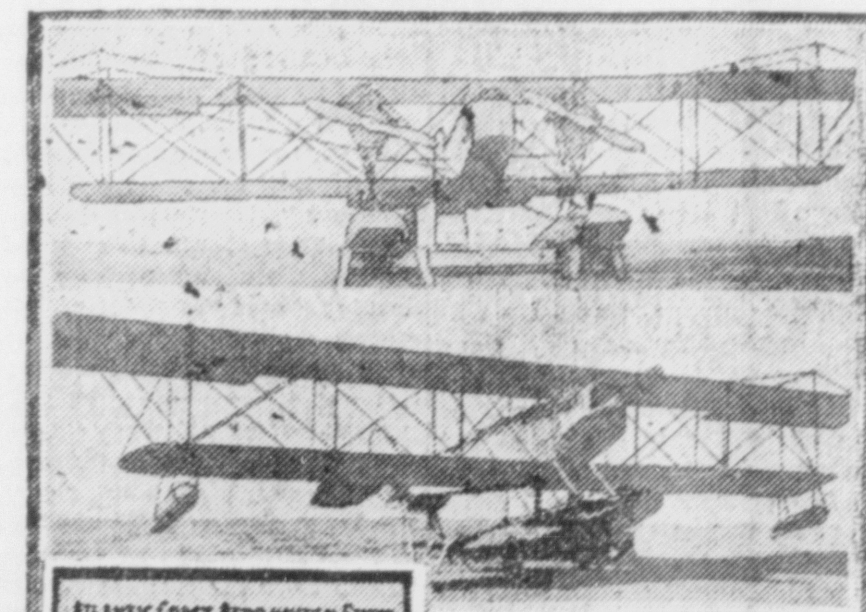

Viscount Grey said the issue raised by the presence of the United States destroyers was important.

The government, he said, would withhold representation until it had gathered information regarding the statement that the destroyers facilitated the operations of the U-boat by getting out of the way.

### CALL UPON ALLIES TO RECOGNIZE GOVERNMENT

(By United Press)  
Athens, Oct. 18—Venizelista leaders have decided to call upon the allies to formally recognize the new provincial government at Salonika, favoring the entrance of Greece into the war. If the United States recognizes the new government the Venizelistas will recruit an army in the United States for it.

### New Navy Aeroplanes and Fares for the Air

ATLANTIC COAST AERONAUTICAL SERVICE			
SCHEDULE OF AERIAL FARES

NEW YORK	\$250.00	\$1000.00	
ALTIMORE FLIGHTS & SPECIAL TRIPS TO ALL PORTS			

### Strike not Probable on Canadian Pacific

(By United Press)  
Winnipeg, Oct. 18—Vice President Murdock, of the Brotherhood of Trainmen, has announced that the Canadian Pacific difficulties had been adjusted and that a strike was improbable although 98 per cent of the men voted favoring a strike.

### Tropical Storms Sweep the South

(By United Press)  
Galveston, Texas, Oct. 18—The tropical storm is moving eastward and all wires are down.

New Orleans, Oct. 18—A dispatch from Mobile and Pensacola say that a 100 mile gale is raging there, no loss of life reported.

Memphis, Oct. 18—Seven were killed when a house was blown down this morning in a 98 mile wind. An unidentified schooner is floating on her side in Mobile bay.

### 25 PER CENT RISE IN FOOD STUFFS

New York, Oct. 18—Despite the 25 per cent increase in food costs recently, the dealers say another 25 per cent increase is impending because the allies are willing to pay such high prices that wholesalers ship the food and supplies abroad.

### HIGH WHEAT PRICES CAUSE FAMILY LOAF RISE TO EIGHT CENTS

Cleveland, Oct. 18—Following the news that wheat had advanced the bakers of this city made a rise of another cent on bread and the family loaf now costs eight cents.

### Cotton Crossed Nineteen Cents

(By United Press)  
New York, Oct. 18—Cotton crossed the 19 cent line at noon when the rush in buying sent July operations up 4 points to 19 and 17-100 points.

### Chicago Registration Shows Largest Number

(By United Press)  
Chicago, Oct. 18—The registration totals of the city show 808,721 voters, the largest number of any city in the United States.

### JOHN BARRETT.

Makes a Hasty Trip From France to Vote in Chicago.

### RACES HOME TO CAST VOTE

John Barrett, Director of Pan-American Union, Wins Against Time.

Chicago, Oct. 18—John Barrett, director general of the Pan-American Union of Washington, D. C., won an exciting race to vote at the presidential election by reaching Chicago from in time to register.

Mr. Barrett was in France on business when he received word that if he desired to vote for president in Chicago he would have to return and register Oct. 17.

He left Amiens Oct. 6 in a military automobile and after riding all night arrived in Paris next day and caught a train for Bordeaux, which made close connections with a steamer, which landed him in New York in time to catch a train for Chicago.

### Lawler Challenges Frank B. Kellogg

(By United Press)  
St. Paul, Oct. 18—Dan Lawler, democratic candidate for the United States senate, has challenged Frank B. Kellogg, republican candidate to a series of joint debates at St. Paul, Minneapolis, Duluth, Mankato, Crookston, Winona, St. Cloud and Albert Lea.

### Hughes is Ready in Best Fighting Trim

(By United Press)  
Chicago, Oct. 18—Charles E. Hughes is here ready for his second incursion into Michigan, and is in the best fighting trim since he was selected the standard bearer of his party. That Hughes was pleased with the impression made on the big audience at Sioux City where he answered Hecklers, is unquestioned.

### Two Speeches Tomorrow

(By United Press)  
Long Branch, N. J., Oct. 18—With Secretary and Mrs. Tumulty President Wilson left at 11:30 for Chicago where he is billed for two speeches tomorrow.

### BRITISH MAKE PROGRESS

(By United Press)  
London, Oct. 18—Notwithstanding the heavy downpour of rain last night the British made progress at some points between Albert, Bapaume road and Lesboues, and some prisoners were taken.

### City Farmer to Teach at College

(By United Press)  
Minneapolis, Minn., Oct. 18—Carl W. Gray, desk farmer who never saw a real farm until his boyhood days were almost over, has been appointed to the faculty of the University of Minnesota agricultural school, in charge of livestock.

### BRILLIANT LECTURE ON CHRISTIAN SCIENCE

Virgil O. Strickler, C. S., of Boston, Mass., Speaks to Audience at Elks Hall

Mr. Strickler is a Noted Lawyer and Member of the Board of Lectureship of the Mother Church in Boston

### CHICAGO MAYOR SAYS LAWS ARE ENFORCED

Chicago, Oct. 18—Mayor William Hale Thompson was placed on the witness stand before Chief Justice Olson of the municipal court in connection with State's Attorney Hoyne's application for warrants for the arrest of Chief of Police Healey and the latter's secretary, William Luthardt on a charge of conniving at disorder and crime.

The mayor said he had ordered the chief to enforce all the laws and ordinances; that he had enforced the Sunday closing law to the best of his ability, and that he never had interfered with the chief.

He added that while there had been criticism, he did not believe the chief was implicated in any way.

### ST. PAUL MAN SLAYS STRIKER

Chippewa Falls Shoe Plant Worker Stabbed to Death.

Chippewa Falls, Wis., Oct. 18—Threats of lynching by a mob caused the hasty removal from the jail here to Eau Claire of Mike Vaskas of St. Paul, charged with stabbing and killing William Nowak of Chippewa Falls in a strike riot.

Thirty union men are on a strike at the factory of the L. W. Shoe company and Nowak was a former workman. Vaskas was a strikebreaker.

About 500 shoeworkers from five factories gathered in front of the L. W. plant when the strikebreakers came out. Vaskas importuned by the crowd drew a dagger, striking in all directions to keep the union men away. Nowak, a union shoemaker, got behind Vaskas and attempted to pinion his arms when Vaskas stabbed him.

The crowd threatened to lynch Vaskas. Officers escaped with the prisoner in an automobile.

### WOMAN KILLS SON AT DETROIT

Shoots Five-Year-Old Boy and Turns Gun on Self.

Detroit, Oct. 18—Mrs. Elizabeth Adams, a guest at a local hotel, shot and killed her five-year-old son, Harold, and then committed suicide. She was found in her room with the boy lying at her side. One shot had been fired into the lad's breast and two into the woman's head. The hotel register did not show Mrs. Adams's home address. She was about thirty years old. No motive is known for the act.

### RAILWAY NEEDS \$27,860,000

Report Declares Large Outlay Necessary for Improvements.

Boston, Oct. 18—The need of improvements at an estimated cost of \$27,860,000 in the plant of the New York, New Haven and Hartford railroad is emphasized in the annual report of directors to stockholders made public here.

In order to make the desired improvements, the report says, "there is needed the co-operation of the public, the owners of the property and the employees."

### WOMAN IS ELECTROCUTED WHILE TAKING BATH.

Chicago, Oct. 18—An electric bolt conducted through a small electric heater is believed to have sent Mrs. May DeLuce to her death by electrocution. The woman was preparing for her bath and in some way came in contact with an electric fixture and the heater at the same time.

Before a large audience in Elks hall Tuesday evening, Virgil O. Strickler, C. S., a member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass., delivered a lecture on Christian Science.

The speaker, who is a noted lawyer as well as brilliant speaker, was introduced by Mr. C. A. Cooper, First Reader of the local Christian Science church.

Mr. Strickler is making a tour of the United States and Sunday he spoke in Yonker, N. Y., Monday in Illinois, Tuesday in Brainerd and today he is on his way to the coast. A representative audience of interested men and women from Brainerd and vicinity heard the speaker. Mr. Strickler spoke in part as follows:

"As it becomes more generally understood that through the ministry of Christian Science people are being healed of sickness, sin, unhappiness, worry, fear, and other discordant conditions, there is an ever-increasing desire upon the part of the general public to learn how these results are accomplished. It is the purpose of this lecture to explain how Christian Science does these things. There is no mystery about Christian Science healing, nor is it difficult to understand. It can be stated without any reservation whatever that every person who is willing to do so may learn how to heal sickness and to destroy the desire to sin for himself and others through Christian Science.

In approaching the investigation of this subject one should do so with an open mind. Christian Science is producing certain very definite and very beneficial results, and it behooves every thinking person to try to understand how they are accomplished.

Both in the medical profession and among the clergy there are many such open-minded students, with the result that some eminent physicians are now sending to Christian Science practitioners those of their patients who do not recover under medical treatment; while many clergymen are openly declaring from their pulpits that the fruits of Christian Science are good, and not a few of them have left their pulpits to become Christian Science practitioners. These facts are worthy of serious consideration.

If it is true that Christian Science is teaching people how to rise above sinful appetites and desires, and how to be healthy and happy, then surely it is the greatest and most vital thing that can engage human thought. That Christian Science does these things to some extent at least is no longer an open question, and the proof of it is to be found in the practical benefits that have come to its adherents.

Although the healing of physical and mental diseases by spiritual means was widely practiced, both in Old Testament and New Testament times, and was expressly commanded by Jesus, and, although Christian Science during the last 50 years has actually healed in this way large numbers of people from all kinds of physical and mental diseases, there are still a great many people who honestly find it difficult to understand how it is possible for the sick to be healed without drugs, and entirely by spiritual means. Even among those who profess to believe in the Bible and in the omnipotence of God, there are many who have honest doubts that the power of God is sufficient or available to deliver from sickness, and these doubts often prevent the effort to gain an understanding of the way by which spiritual healing is accomplished.

To all such it can be said that

St. Paul, Oct. 18—North Dakota's  
suit against Minnesota for \$1,500,000  
damages, for alleged overflow of in-  
terstate ditches, will not be argued  
before the United States supreme  
court for the next two years. Attor-  
ney General Smith said today after  
returning from Washington.

**League of Municipalities**

Red Wing, Minn., Oct. 18—Almost  
every leading Minnesota city had rep-  
resentatives in Red Wing today to  
attend the annual meeting of the Le-  
ague of Minnesota Municipalities.

Among the speakers from outside of  
Minnesota are Robert Catherwood,  
president of the Chicago Civic Reform  
League, and President Frank L. Me-  
Vey of the University of North Dako-  
ta. City and town officials of the  
state and professors from the Univer-  
sity of Minnesota are on the program.

A report will be made by the fol-  
lowing committees: Parks, play-  
grounds and city planning charters,  
resolutions, public health, sewerage  
and sanitation, water works, street  
paving, municipal ownership, public  
health, franchises and public utilities,  
taxation and assessment and munici-  
pal accounting.

Joseph J. Ermatinger of St. Paul,  
will speak on municipal borrowing.

**"STOP, LOOK, LISTEN"**

### Northern Pacific Issues Circular Re- garding Accidents on Grade Crossings of Railroads

HEAD ? ? ? ? ?

That grade crossing accidents,  
caused by automobilists crossing  
ahead of passenger trains, may be  
reduced to a minimum the Northern  
Pacific railway has started a cam-  
paign in states through which it op-  
erates. Under the caption, "a word  
of caution to motorists," printed cir-  
culars embodying ways and means  
for the avoidance of such collisions  
have been sent to all secretaries of  
state in the northwest with the re-  
quest that these be distributed when  
new license plates are sent out.

"With the number of automobiles  
coming into use rapidly increasing  
it cannot be too strongly emphasized  
that caution should be observed by  
drivers when approaching grade  
crossings," says the circular. "Daily  
reports show accidents that could  
have been averted had the driver of  
the motor car stopped, looked and  
listened before attempting to cross  
ahead of an approaching train."

"Government statistics show the  
number of persons killed and injured  
in the United States at grade cross-  
ings to be as follows: During 1914,  
1147 persons killed, 2935 injured;  
during 1915, 997 persons killed, 2-  
898 injured. The reduction in casu-  
alties during 1915 as compared  
with the previous year are due to  
warning notices posted by railway  
companies and automobile clubs who  
are endeavoring to provide effective  
means for eliminating the hazard as  
much as possible.

"But the real measures of avoiding  
such accidents are to be found in the  
care observed by individual drivers  
themselves! Let your slogan be  
"Stop, Look, Listen."

"Drivers owe this to themselves"

ter, Miss Lida Petersen, of Minneapo-  
lis.

Bricklayers are putting in place  
the last of the coping on the north  
side of the First National bank  
building. Staging is being taken  
down on the south side of the struc-  
ture.

Minn., who has been a guest of Mrs.  
D. C. Gaines of 217 Seventh avenue  
west, has returned to her home, ac-  
companied by Mrs. Gaines.—Duluth  
Herald.

You can prepare for the cold winds.  
This is underwear and overcoat week  
at the H. W. Linnemann store, in  
celebration of winter's home-coming.  
Here you will also find a big supply  
of gloves, sweaters and mackinaws.

H. W. Linnemann. 1t

Ralph Miller went to Brainerd Sat-  
urday in his car and returned Sun-  
day, bringing Mrs. Miller back with  
him. Mrs. Miller has spent the past  
two weeks in Brainerd.—Staples  
World.

Brainerd Gas & Electric Co. gangs  
of men are about to lay mains down  
South Broadway from Oak to Quince  
streets, five blocks on Second street,  
a block on Bluff avenue. From 15  
to 20 men are employed.

There is just as much difference be-  
tween a good and bad piano as be-  
tween a good and bad egg. Which  
do you want? With four years of  
factory experience, you can get the  
best goods for the least money from  
Wm. Graham, 210 So. 6th St. 112tf

Mr. and Mrs. E. T. Congdon, of  
Tacoma, Wash., were guests of  
friends and relatives in Brainerd.  
They have been touring in the east  
and stopped at Brainerd two days  
while on their way home.

Mr. and Mrs. Roy Gavin and  
daughter of Ironton visited at the  
home of Mr. Gavin's parents, Mr.  
and Mrs. John Gavin, Wednesday  
and Thursday of this week. Mrs.  
Roy Gavin has just been visiting her  
parents at Lake City.—Staples World.

You are sure to be well dressed if  
you wear clothes bought from H. W.  
Linnemann. They give you that as-  
surance that comes with knowing  
that you are correctly attired. Young  
men who insist on perfect fitting,  
faultlessly tailored clothes with a  
style and a swing that express per-  
sonality, will find clothes purchased  
from H. W. Linnemann pleasing in  
every way. 1t

W. H. Strachan, superintendent of  
the Lake Superior division of the  
Northern Pacific railway, was in  
Brainerd, his office car being switched  
to the siding near the Y. M. C. A.  
Mr. Strachan was accompanied by J.  
E. Hood, supervisor of bridges and  
buildings.

The Brainerd Electric Co., of 721  
Laurel street, has installed a new  
night light. It is the kind used on  
the docks at Duluth and it has 250  
candle power. Its rays are thrown  
300 feet or more. George J. John-  
son, of the Brainerd Electric Co., said  
he was doing his share to light up  
Brainerd.

### No More Backache For Her

Mrs. J. M. Gaskill, Etna Green, Ind.,  
writes: "I suffered from severe back-  
ache and sharp pains. I could not  
stoop over. Foley Kidney Pills gave  
me such relief that I cannot praise  
them too highly." This standard rem-  
edy for kidney trouble and bladder  
ailments can be taken with absolute  
safety. H. P. Dunn druggist.—mwf

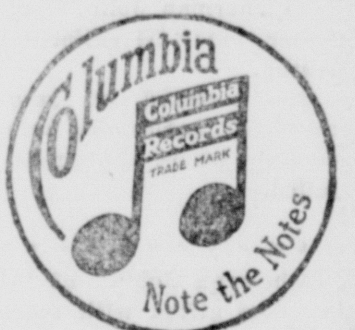

Customer—What do you mean by  
that sign, "Shaving Pessimists, 25  
Cents?" Barber—That's because it  
takes more time to shave a man with  
a long face.

**BETTER THAN CALOMEL**

Thousands Have Discovered Dr.  
Edwards' Olive Tablets are  
a Harmless Substitute

Dr. Edwards' Olive Tablets—the sub-  
stitute for calomel—are a mild but sure  
laxative, and their effect on the liver is  
almost instantaneous. They are the re-  
sult of Dr. Edwards' determination not  
to treat liver and bowel complaints with  
calomel. His efforts to banish it brought  
out these little olive-colored tablets.

These pleasant little tablets do the  
good that calomel does, but have no bad  
after effects. They don't injure the  
teeth like strong liquids or calomel.  
They take hold of the trouble and  
quickly correct it. Why cure the liver  
at the expense of the teeth? Calomel  
sometimes plays havoc with the gums.  
So do strong liquids. It is best not to  
take calomel, but to let Dr. Edwards'  
Olive Tablets take its place.

Most headaches, "dullness" and that  
lazy feeling come from constipation and  
a disordered liver. Take Dr. Edwards'  
Olive Tablets when you feel "lousy" and  
"heavy." Note how they "clear" clouded  
brain and how they "perk up" the spir-  
its. 10c and 25c a box. All druggists

The man with

**NORTHWEST NEWS****Resources Increased**

St. Paul, Oct. 18—Resources of  
building and loan associations in Min-  
nesota have increased more than \$1,-  
000,000 in the last year, and abstract  
issued by State Banking Superintend-  
ent Turritt said today.

**Suit to Postponed**

St. Paul, Oct. 18—North Dakota's  
suit against Minnesota for \$1,500,000  
damages, for alleged overflow of in-  
terstate ditches, will not be argued  
before the United States supreme  
court for the next two years. Attor-  
ney General Smith said today after  
returning from Washington.

**League of Municipalities**

Red Wing, Minn., Oct. 18—Almost  
every leading Minnesota city had rep-  
resentatives in Red Wing today to  
attend the annual meeting of the Le-  
ague of Minnesota Municipalities.

Among the speakers from outside of  
Minnesota are Robert Catherwood,  
president of the Chicago Civic Reform  
League, and President Frank L. Mc-  
Vey of the University of North Dako-  
ta. City and town officials of the  
state and professors from the Univer-  
sity of Minnesota are on the program.  
A report will be made by the fol-  
lowing committees: Parks, play-  
grounds and city planning charters,  
resolutions, public health, sewerage  
and sanitation, water works, street  
paving, municipal ownership, public  
health, franchises and public utilities,  
taxation and assessment and munici-  
pal accounting.

Joseph J. Ermatinger of St. Paul,  
will speak on municipal borrowing.

**"STOP, LOOK, LISTEN"**

**Northern Pacific Issues Circular Re-  
garding Accidents on Grade  
Crossings of Railroads**

HEAD ? ? ? ? ?

That grade crossing accidents,  
caused by automobilists crossing  
ahead of passenger trains, may be  
reduced to a minimum the Northern  
Pacific railway has started a cam-  
paign in states through which it op-  
erates. Under the caption, "a word  
of caution to motorists," printed cir-  
culars embodying ways and means  
for the avoidance of such collisions  
have been sent to all secretaries of  
state in the northwest with the re-  
quest that these be distributed when  
new license plates are sent out.

"With the number of automobiles  
coming into use rapidly increasing  
it cannot be too strongly emphasized  
that caution should be observed by  
drivers when approaching grade  
crossings" says the circular. "Daily  
reports show accidents that could  
have been averted had the driver of  
the motor car stopped, looked and  
listened before attempting to cross  
ahead of an approaching train."

"Government statistics show the  
number of persons killed and injured  
in the United States at grade cross-  
ings to be as follows: During 1914,  
1147 persons killed, 2935 injured,  
during 1915, 997 persons killed, 2,-  
898 injured. The reduction in casu-  
alties during 1915 as compared with  
the previous year are due to  
warning notices posted by railway  
companies and automobile clubs who  
are endeavoring to provide effective  
means for eliminating the hazard as  
much as possible.

"But the real measures of avoiding  
such accidents are to be found in the  
care observed by individual drivers  
themselves! Let your slogan be  
"Stop, Look, Listen."

"Drivers owe this to themselves

and to the passengers riding in their  
automobiles. They hold as great a  
responsibility toward their families  
and friends as do the engineers of  
rapidly moving passenger trains to  
the patrons whose destinies they are  
charged with. All the signs, notices,  
bells, whistles, gates and flagmen hired  
to protect the public are of no avail  
unless they can have the co-operation  
of the motorists.

"Observations have been made to  
record the care shown by automobile  
drivers and in 35,000 instances the  
following results were noted: 53 per-  
cent looked neither way before pass-  
ing over a grade crossing; 8 per cent  
looked one way only; and 174 motor  
car drivers, 'about half of one per  
cent' actually stopped their machines  
before proceeding to pass over the  
crossings. These figures show that  
few men of undoubted intelligence  
display the necessary caution that  
may save their lives, limbs and prop-  
erty, by simply waiting a moment or  
two to allow the train to pass.

"Trains have no choice of routes;  
they must run on the rails and their  
patrons require that they be on time,  
if possible. On the contrary, motor  
car drivers can choose their own  
routes and the occupants of such ma-  
chines usually are not pressed for  
time.

"If automobile drivers would make  
it a habit to associate the sight of a  
grade crossing and its advance no-  
tices with the sight of a traffic po-  
liceman, and control their machines  
accordingly, grade crossing accidents  
would cease. No man is immune to  
the accidents at grade crossings  
which are so frequent with the con-  
stantly growing use of the automo-  
bile."

"Trains moving at speeds from 25  
to 40 miles an hour can, under or-  
dinary conditions, stop in about 1200  
feet. Motor cars runnings at the  
same speed can be stopped in about  
30 feet. The train often weighs as  
much as 3,000 tons while the auto-  
mobile's weight rarely exceeds two  
tons. It can be readily seen, there-  
fore, that the greater weight, once  
under way, is much harder to stop.  
Every motorist should himself adopt  
a policy of carefulness that will ren-  
der him immune from such colli-  
sions."

**DISPATCH ADS PAY****TURN HAIR DARK  
WITH SAGE TEA**

**If Mixed with Sulphur It  
Darkens so Naturally  
Nobody can Tell.**

The old-time mixture of Sage Tea and  
Sulphur for darkening gray, streaked  
and faded hair is grandmother's recipe,  
and folks are again using it to keep their  
hair a good, even color, which is quite  
sensible, as we are living in an age when  
a youthful appearance is of the greatest  
advantage.

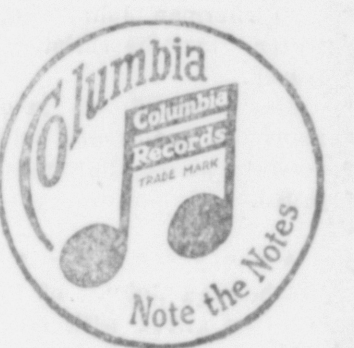

Nowadays, though, we don't have the  
troublesome task of gathering the sage  
and the musky mixing at home. All  
drug stores sell the ready-to-use product,  
improved by the addition of other ingre-  
dients, called "Wyeth's Sage and Sulphur  
Compound" for about 50 cents a bottle.  
It is very popular because nobody can  
discover it has been applied. Simply  
moisten your comb or a soft brush with  
it and draw this through your hair, tak-  
ing one small strand at a time; by morn-  
ing the gray hair disappears, but what  
delights the ladies with Wyeth's Sage  
and Sulphur Compound, is that, besides  
beautifully darkening the hair after a  
few applications, it also produces that  
soft lustre and appearance of abundance  
which is so attractive. This ready-to-use  
preparation is a delightful toilet requisite  
for those who desire a more youthful ap-  
pearance. It is not intended for the cure,  
mitigation or prevention of disease.

### ALUMNAE OF NURSES MEET

9th Annual Meeting of Alumnae of N. P. B. A. Nurses Training School

### HELD ELECTION OF OFFICERS

President Mrs. Angela Green Boley, of Fargo; Secretary-Treasurer Miss Diesem

The ninth annual meeting of the Alumnae association of the Northern Pacific Beneficial Association Training School for Nurses, was held Saturday afternoon at the nurses home. The following officers were elected for the ensuing year:

President—Mrs. Angela Green Boley, registered nurse, of Fargo, N. D.

Vice President—Miss Kate Morgan registered nurse, Grand Forks, N. D.

Second Vice President—Miss Georgiana Messier, registered nurse, Brainerd.

Secretary and Treasurer—Miss Norma Diesem, registered nurse.

A banquet followed the meeting. Mrs. Angela Boley acted as toast mistress.

### RETRENCHMENT NECESSARY

Lack of Funds Causes Associated Charities to Discontinue the Visiting Nurse

Following the retrenchments and period of economy inaugurated by the council, poor relief work has been entirely cut off and the entire burden of this work now falls on the Associated Charities.

There are hospital cases and old men and women being boarded by private people who previously were paid a stated sum by the city for such services.

Owing to a lack of funds the Associated Charities has been compelled to discontinue the work of the visiting nurse, Miss Rachel Puckering. She has been prompt, reliable and courteous, has done much good work, but, as one of the officers of the Associated Charities said, it is not possible to continue her work when there are no funds to pay for her services.

### Bellefeuille-Tucker

Miss Olivia Bellefeuille, daughter of Mr. and Mrs. Antoine Bellefeuille of Belle Prairie, was married Monday morning at 9 o'clock at the French Catholic church at Belle Prairie to Wesley Tucker, station agent at Belle Prairie for the Northern Pacific, and a son of Mr. and Mrs. J. J. Tucker of Ft. Ripley.

Miss Leona Bellefeuille, a sister of the bride, was bridesmaid, and Clarence Tucker, a brother of the groom, acted as best man. The bride wore white crepe de chine trimmed with silver lace. A wedding breakfast was served at the home of the bride's parents and a supper and dance were given in Tucker's hall at Ft. Ripley.

Three hundred were present at the festivities.

Mr. and Mrs. Tucker will live at Belle Prairie.

### BACKACHE IS DISCOURAGING

But Not So Bad if You Know How to Reach the Cause

Nothing more discouraging than a constant backache. Lame when you awaken, pains pierce you when you bend or lift. It's hard to work or to rest. Backache often indicates bad kidneys. Brainerd people recommend Doan's Kidney Pills. Read this case:

Mrs. Caroline Sundberg, 1504 E. Pine St., Brainerd, says: "I suffered for several years from backache. I was uncomfortable while I was doing my work and often I couldn't sleep well. I was distressed by dizzy spells and after I stood for awhile, my feet swelled. The doctor said I had kidney trouble, but failed to help me. Doan's Kidney Pills, procured at H. P. Dunn's drug store, removed the pains in my back and I felt stronger and more able to do my work." (Statement given August 31st, 1908)

OVER FIVE YEARS LATER, Mrs. Sundberg said: "The benefit Doan's Kidney Pills gave me from backache and other kidney trouble has been permanent."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Sundberg has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.—Adv.

Australia seems to have an inexhaustible supply of marble, which is found there in many colors in addition to pure white.

### BUSY BEE SUPPER

Given by Society of the Swedish Lutheran Church at Church Basement Tuesday

The Busy Bee supper at the Swedish Lutheran church basement was largely attended on Tuesday evening. It seemed as if half the town was in attendance.

Young, pretty girls were flying about waiting on the numerous patrons.

The Busy Bees have the reputation of serving as good a supper at 8 in the evening as at 5 when they start. Their commissary department figures well and knows how many to provide for.

After the supper there was a sale of fancy articles of needlework, rugs, etc., which netted a goodly sum for the church.

### "Auto" Sold

#### Garden Truck

(Woman's Home Companion.)

When we decided to get the car last spring I determined to try a new plan—to make the automobile pay for itself. It has done so.

We planned an immense garden. Neighbors laughed at us, but "the laughs best who laughs last," and we are now wearing the smile that won't come off. I took all garden stuff, eggs, butter and milk to the city in the car, and got top prices. Also, I sold all I could furnish. I found that the merchants were not only willing but anxious to buy from me, getting their vegetables fresh every morning with the dew on them. Here is "what the automobile sold," in the way of garden stuff. And it was raised on ground that the year before had brought me less than \$200 in corn. Of course, eggs, butter and milk are separate, but they, too, were a loss to us before we got the car, except what we could use ourselves; the remainder had either been sold at very low rates in the village or given away.

Here, in round numbers, is what I sold by means of the car:

Tomatoes	26.00
Cabbage	41.00
Beans	32.00
Garden peas	19.50
Lettuce and radishes	11.75
Green onions	9.25
Okra	4.50
Turnips	12.00
Collards	16.00
Sweet corn	33.00
Sweet potatoes	47.00
Cucumbers	13.00
Melons (some extra early)	180.00
Cream	23.00
Butter	8.50
Fresh buttermilk	6.50
Watercress, gathered in spring streams cost nothing to raise and used up no valuable space	16.25
Wild grapes, persimmons, hickory nuts, pecans and walnuts	21.75
Charged neighbors, who had laughed at me, for carrying their extra garden stuff to the city and selling	62.00
Total	\$577.00

### Missionary Workers in Huge Meeting

(By United Press)

Columbus, O., Oct. 18.—Bishops, officers and members of every Christian workers' conference in the United States and island possessions, with prominent missionary workers from all over the world participated today in the national convention of the Methodist Episcopal church Woman's Home Missionary society which will continue through Oct. 25.

The convention will hold three sessions daily in Memorial hall. A pageant by Columbus young people on Friday evening will be a feature.

The society maintains over forty industrial homes for the Indian, negro, Chinese, Japanese, Alaskan, Spaniard, Porto Rican and white races; over twenty-five mission schools; eight hospitals, three national training schools, and four conference training schools for missionaries and deaconesses; eleven industrial buildings with kindergartens; six orphanages, and many forms of mission work in alums and mining regions.

### Bethlehem Aid

The Ladies Aid of the Norwegian Bethlehem Lutheran church will meet Thursday afternoon, October 19, in the church parlors, Mrs. Iver Benson entertaining.

### Typewriting Record Broken.

New York, Oct. 18.—Miss Margaret Owen broke her own world's championship typewriting record of 136 words a minute, making it 137 a minute for one hour.

## SEVEN KILLED, TWO MISSING

### Flames Raze New York Dye Plant in \$250,000 Fire.

### FUMES OVERCOME WORKERS

Blaze Which Starts on First Floor Spreads With Lightning Rapidity to Second Floor and Office Force Is Trapped Though Near Safety.

New York, Oct. 18.—Seven persons were burned to death and two others who are missing are feared to have lost their lives in a fire which destroyed two factories in the manufacturing section of Queensborough with a material loss estimated at \$250,000.

The charred bodies were not found until the flames had been extinguished and firemen were pouring water into the ruins of the building. Search is being made for two persons still missing.

### Fire Starts in Chemicals.

All those burned were employed in the plant of the Oakes Dye Manufacturing company where the flames started.

The fire started among chemicals on the first floor of the Oakes building and spread with such rapidity that the office force was trapped on the second floor.

In addition to the office building, five one-story storage buildings of the Oakes company were destroyed.

From these buildings the fire spread to the Astoria Veneer Mill and lumber yard where many thousands feet of lumber was destroyed.

### Electrician Drops Ladder.

The police have learned that an electrician at work on the first floor of the dyemaking plant, dropped a ladder which struck a jar containing chemicals that burst into flames.

There were six young women and the three men on the second floor when the fire began. Not one of them has been seen since.

A half dozen windows were located close to where the young women were at work and it would have been a drop of only sixteen feet to the street. The authorities believe the employees were suffocated by chemical fumes and were unable to attempt to escape.

### RAILROADS TO SEEK FEDERAL REGULATION

Washington, Oct. 18.—The abolition of state control of railroads, with the substitution of federal incorporation, will be advocated by railroad executives who are to appear before the joint committee of the senate and house that is to investigate the subject on interstate agencies of transportation, according to Frank Trumbull, chairman of the railway executives' advisory committee.

In an address before the American Association of Passenger Traffic officers Mr. Trumbull said the railroads were opposed to state regulation and favored federal charters for railroads.

"Probably \$100,000,000," Mr. Trumbull said, "is going over the dam every year as a result of the lack of co-ordination in our present methods of handling this important problem and our present system of conflicting regulation by the federal government and the several states."

### M. AND ST. L. ROAD IS FINED

For Violating Federal Sixteen-Hour Law.

Des Moines, Ia., Oct. 18.—In a decision here in the federal district court Judge Martin J. Wade fined the Minneapolis and St. Louis railway \$1,900 for violation of the law which prohibits railroads from allowing their employees to work more than sixteen consecutive hours.

The government asked that a fine of \$9,500 be assessed following the indictment of the railroad on nineteen separate counts.

### Railway Gets Injunction.

Council Bluffs, Ia., Oct. 18.—Federal Judge Smith and two associate judges granted an injunction sought by railroads to prevent the Nebraska railway commission from interfering with the roads putting into effect Oct. 25 higher rates, to correspond with interstate rates from Council Bluffs.

### Trade With Portugal Grows.

Washington, Oct. 18.—Increasing business is being done in Portugal by American concerns, according to consular advices. Twenty American vessels have discharged cargoes at Lisbon since the first of the year. Such a number never has been approached before.

### Chicago Bankers Indicted.

Chicago, Oct. 18.—Five indictments charging James T. Oliver and William H. Paisley, private bankers, with receiving deposits after three institutions owned by them were known to be insolvent, were returned by the Cook county grand jury.

## BRILLIANT LECTURE ON CHRISTIAN SCIENCE

(Continued from page 1)

Jesus healed the sick without drugs, and, what is more important to us, he taught other people how to do so, thus proving that his method of healing physical disease by spiritual means could be taught to others, and understood and practiced by them.

Later these same disciples taught the principle of spiritual healing which they learned from Jesus to their own disciples, and history shows that on down through a period of about ten generations the healing of the sick by spiritual means continued to be a part of the regular ministry of the Christian church, and that the dead were raised during the first and second centuries. Moses and the prophets also healed the sick and raised the dead and did many other wonderful works in demonstration of the power of spirit to meet human needs, and the Old Testament is filled with such instances.

It will thus be seen that the knowledge of spiritual truth and the method of its application to deliver people from sickness, sin and every kind of evil human condition has reappeared upon the earth at many times, and it is claimed for Christian Science that it is the reappearance in our own generation of the understanding of the same spiritual law that was known and understood in part by Moses and the prophets, and which was perfectly understood and demonstrated by Jesus, and by him taught to his disciples. There is no mystery about it, and the results produced by Christian Science are the results which have always followed, and must necessarily follow, from the apprehension and demonstration of spiritual truth. Christian Science is nothing more nor less than a return to primitive Christianity, and every one who turns to it fairly and honestly will find in it that which will satisfy his spiritual aspirations and meet his human needs.

Mrs. Eddy is acknowledged to be the Discoverer and Founder of Christian Science, and many people ask what it is that she has discovered. In reply it can be said that she has discovered the Law of Spirit which is Spiritual Truth.

Mrs. Eddy discovered the law of discovered the law of gravitation and Spirit as truly as Sir Isaac Newton this fact should be thoroughly understood. Just as Newton discovered that the movements of material bodies were regulated and governed by this material law, so Mrs. Eddy discovered the Principle that governs the entire universe, including every detail in the lives of men. That supreme, creative, governing, omnipresent Mind or Principle, is God, the only Cause, the only Creator, the only Ruler of man and the universe."

### At the Best

Ralph Herz, the popular stage star, will make his debut in the silent drama here at the Best tomorrow, Thursday in "The Purple Lady" a five-act Metro-Rolfe wonderplay. Irene Howley, the beautiful and vivacious little actress who has been in many elaborate Metro pictures is featured with Mr. Herz in this production.

"The Purple Lady" is a picturization of the play of the same name written by Sidney Rosenfeld. It was selected by Metro for Mr. Herz's debut because of the many possibilities it offered for screen production. Besides the humorous side of "The Purple Lady" there are many thrills in this feature, for there is a strong and absorbing mystery and a love story told in a new and novel manner. The scenes are laid in and around New York, including scores of interesting glimpses of Coney Island, on ship-board in the harbor, and the interior of one of the most famous restaurants on Broadway. George Lessey produced "The Purple Lady."

Robert Warwick is popular. There has never been much question as to his popularity in this country, but it remained for Australia to elect people, whether actors or actresses. There he far outclassed even Mary Pickford, who came in second, and had twice as many votes as the second leading male star. In this country, however, his picture adorns many a silver frame. In "The Flash of an Emerald," "Sudden Riches" and "The Man of the Hour," Mr. Warwick built himself a niche on the heart of photoplay "fans" and his more recent productions have added to his already large following of friends. His next appearance in this city will be as the hero in "Friday, the Thirteenth," the Thomas W. Lawson story which has been made into a World Picture by William A. Brady and Director Emile Chautard. It will be the attraction at the Best theatre Friday.

## A NEGLECTED COUGH MAY BECOME CHRONIC

A cough is uncertain—it may be slight or may become serious. To be safe, it is best to treat a cough when it first appears. But you should use discretion in treating it. Avoid remedies that simply stop the desire to cough.

### Nyal's Laxative Pine Balsam

Cures by removing the cause, hence the cure is permanent. This remedy acts directly on the membranes and allays the inflammation that causes the cough. It is pleasant to take and is equally good for children and adults.

**We Guarantee It. Price 25c, 50c and \$1**

## WOMAN'S REALM

### ALUMNAE OF NURSES MEET

9th Annual Meeting of Alumnae of N. P. B. A. Nurses Training School

### HELD ELECTION OF OFFICERS

President Mrs. Angela Green Boleyn, of Fargo; Secretary-Treasurer Miss Diesem

The ninth annual meeting of the Alumnae association of the Northern Pacific Beneficial Association Training School for Nurses, was held Saturday afternoon at the nurses home. The following officers were elected for the ensuing year:

President—Mrs. Angela Green Boleyn, registered nurse, of Fargo, N. D.

Vice President—Miss Kate Morgan registered nurse, Grand Forks, N. D.

Second Vice President—Miss Georgiana Messier, registered nurse, Brainerd.

Secretary and Treasurer—Miss Norma Diesem, registered nurse.

A banquet followed the meeting. Mrs. Angela Boleyn acted as toast mistress.

### RETRENCHMENT NECESSARY

#### Lack of Funds Causes Associated Charities to Discontinue the Visiting Nurse

Following the retrenchments and period of economy inaugurated by the council, poor relief work has been entirely cut off and the entire burden of this work now falls on the Associated Charities.

There are hospital cases and old men and women being boarded by private people who previously were paid a stated sum by the city for such services.

Owing to a lack of funds the Associated Charities has been compelled to discontinue the work of the visiting nurse, Miss Rachel Puckering. She has been prompt, reliable and courteous, has done much good work, but, as one of the officers of the Associated Charities said, it is not possible to continue her work when there are no funds to pay for her services.

### Bellefeuille-Tucker

Miss Olivia Bellefeuille, daughter of Mr. and Mrs. Antoine Bellefeuille of Belle Prairie, was married Monday morning at 9 o'clock at the French Catholic church at Belle Prairie to Wesley Tucker, station agent at Belle Prairie for the Northern Pacific, and a son of Mr. and Mrs. J. J. Tucker of Ft. Ripley.

Miss Leona Bellefeuille, a sister of the bride, was bridesmaid, and Clarence Tucker, a brother of the groom, acted as best man. The bride wore white crepe de chine trimmed with silver lace. A wedding breakfast was served at the home of the bride's parents and a supper and dance were given in Tucker's hall at Ft. Ripley. Three hundred were present at the festivities.

Mr. and Mrs. Tucker will live at Belle Prairie.

## VOTE FOR AMENDMENT NO. 1

Failure to vote for an amendment to the state constitution is the same as voting against it.

That is why the voters of Minnesota should inform themselves on the amendments to be voted on at the election November 7th. The man who passes the amendments by because he does not understand them is blindly voting against them and he may be doing himself and others an injustice.

Amendment No. 1 is of vital importance to every citizen of the state, for it involves the development of state lands and the building up of the permanent school fund of the state. It provides that a revolving fund of \$250,000 shall be set aside for the building of roads and ditches and the clearing of state lands.

Under its operation it will be possible for the state which still owns 2,000,000 acres of land in northern Minnesota, to partially develop tracts of its land and put them on the

market for purchase by actual settlers. The cost of the improvements will be charged against the land and added to the minimum price, so they will be paid by the purchaser. The sale of state lands will thus be hastened and additional funds added to the permanent school fund; the lands partially improved will bring better prices and the permanent school fund will benefit.

The amendment does not contemplate any ultimate expenditure by the state. When the need for the revolving fund exists no longer it will be turned into the permanent school fund intact. Only \$250,000 can be used; it will be returned by the purchasers of the land, and will be used only until the state land is sold.

## DOMESTIC VIRTUES IN THE ARMY

The Indianapolis News tells of a young wife who went to visit her national guard husband at camp. She had expected to find him marching or shooting. Instead, she found him peeling potatoes and stirring a meat stew, with a lot of dishes piled up to wash.

This made a "hit" with the wife. She remembered with keen interest that her husband had an insuperable aversion to washing dishes, that he could never under any circumstances be persuaded to peel potatoes in his own kitchen, and that he not only hated to do any form of cooking but had absolutely refused to learn throughout their married life. And here he was, installed as cook for his company, and getting away with the job fairly well, considering his natural limitations—and more marvelous still, doing it cheerfully! She laughed and laughed at the embarrassed cook, and yet was proud of him.

The incident suggests that there are excellent things other than fighting that a man learns in a military organization. There might be less opposition on the part of women to their men-folks embarking on military careers if they realized that the men would probably learn something about housekeeping during their term of service. Every man ought to be able to cook simple dishes, anyhow; the lack of such ability is a serious defect in practical education. The man who admits, or even boasts, that he can't cook a meal or wash dishes or do the marketing or make a bed is in the same class as the woman who

never reads the papers and hasn't the slightest understanding of her husband's business.

Order is another thing that a soldier or a guardsman learns. And most women will readily agree that it will make amends for a good deal of feminine sacrifice to have a husband or son acquire the habit of keeping his own things in order and refraining from messing up other people's things. Army life may be crude and primitive in some ways; but in these respects, at least, it's a civilizer.

## BETTER BOOKS

According to the Publishers' Weekly, the autumn output of books for 1916 is 40 per cent less than for 1912. With this decrease in number comes a corresponding increase in quality.

That seems to be one good work due to high prices. The publisher today scans a new manuscript longer and more carefully than usual because it costs him more to publish a book and he doesn't want to go through the expensive process for one that isn't worth while. It is said to be working the same way with short stories. They are fewer and better. This is cheering news for the magazine reader. Perhaps the reader himself has had something to do with this improvement in quality of the literature that is being put before him, for he too has improved.

From the bookshops and libraries come reports to the effect that more people are reading good and thoughtful books than in years past. More people are buying books, a few at a time or whole sets. A fair share of the nation's prosperity seems to be furnishing public and private libraries. Altogether, it promises to be a good season for good literature.

## HEATEN CHINESE

## IN MORE LUCK

St. Paul, Minn., Oct. 18.—Siam Ling Lee who "makes" washee, Monday, Wednesday, Friday, isn't worried about h. c. l. Statistics showing the cost of food has advanced 50.7 per cent in St. Paul in one year, on file today at the office of Angus J. Cameron, secretary of the St. Paul Hotel Keepers association, also show that rice is about the only food not aeroplaning.

## State Pardon Board Consider Applications

(By United Press)

St. Paul, Minn., Oct. 18.—Pleading that she was perhaps the only one who really loved her daddy, pretty Gertrude Robinson, 15, appeared before the state pardon board today to ask that the state give up her father, Harry T. Robinson, to her. The board met in Gov. Burnquist's office this morning and may be in session for a couple of days.

Robinson went to Stillwater after being convicted of robbing the box office of the Shubert theatre, St. Paul. That was five years ago. Standing upon the very threshold of life, Gertrude asked the state to remove the stigma from her name, that she may enter the world, as a real lady, and not as a convict's daughter. Her father has 15 years to serve.

Maj. Gen. Edward Fielding, vice president of the Volunteers of America, and Maude Ballington Booth also will ask clemency for Robinson.

Kid Scully, whose real name is Henry S. Tripp, again today asked for a reprieve from his penitentiary sentence, pleading that continued imprisonment will mean he will lose his eyesight. Last spring Scully was convicted in Minneapolis, for an offense against the young daughter of a minister. Roy Adair, convicted for a like offense, in Minneapolis is also seeking pardon.

Ruth Neff, who didn't have so far to travel when she was convicted of manslaughter at Stillwater in 1914, also asked pardon today.

Theodore Martin, Morrison county; Frank Geifer, Blue Earth county; Frank White, St. Louis county and Michael Mease, Todd county, all sentenced for life, were among the other applicants.

## Sale of Timber Again Postponed

(By United Press)

St. Paul, Minn., Oct. 18.—A state timber sale scheduled here for today was postponed until Oct. 28, due to the delay in appraisers estimating the amount of timber to be sold.

## VILLA SHIFTS BASE TO RAILWAY POINT

Chihuahua City, Oct. 18.—The latest reports received at military headquarters here say that Villa has moved his personal headquarters to San Isidro, a point on the Mexican Northwestern railway, about eighty miles west of Chihuahua City and nearly twice that distance south of the main American base at Casas Grandes.

El Paso, Tex., Oct. 18.—Francisco Villa now is on the Hearst ranch at Babicors, according to a statement of passengers arriving here from Pearson, a station on the Mexican Northwestern railway below the American expeditionary base.

Yaqui Indians are to be sent against Villa and his bandits in Western Chihuahua, a report from Sonora brought here states. The Yaquis are being recruited from among General Obregon's veterans of the Constitutional campaign and it is expected that 1,000 or more Indians will be sent.

## RAIL STRIKE IN PORTO RICO

Engineers and Shopmen Demand More Pay.

San Juan, Porto Rico, Oct. 18.—The engineers, firemen and shopmen of the American railroad, which almost encircles Porto Rico, are on strike. They demand a 25 per cent wage increase.

The strike of longshoremen, which has caused serious dislocation of trade, has been ended. An increase of 20 per cent in wages was granted. The striking bakers also returned to work.

## German Prisoners Let Out Secrets.

Washington, Oct. 18.—How some of Germany's closely guarded trade secrets are being disclosed unwittingly by prisoners of war is told in official dispatches reaching here. In one instance, German prisoners, all expert makers of thermometers, have been put to work where their operations could be observed by skilled workmen and as a result several methods of filling bulbs with mercury, hitherto a secret in Germany, were learned.

## THE "CHAMBERS" FIRELESS

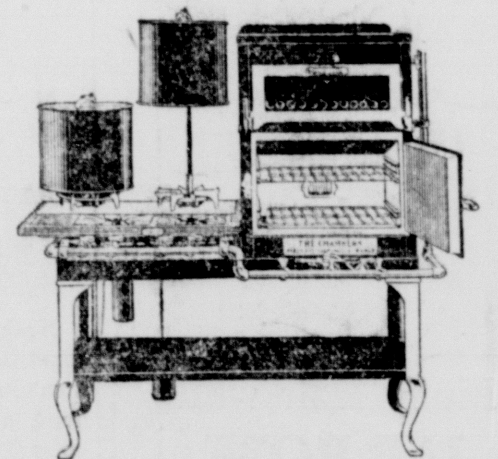

## COOKING GAS RANGES

One of Over a Dozen Models of the Chambers

The Chambers Fireless Cooking Gas Range does one half to four-fifths of your cooking with the gas turned off. It roasts, broils, bakes and stews, and does them all better than the most expensive gas range and best fireless cooker, and without the bother of two separate articles.

Think of putting a five pound roast into the oven, turning on the gas for about 25 minutes, long enough to heat the meat thoroughly and then turning off the gas and letting the range continue the cooking process at Full Speed without danger of burning, while you are free to do other work or go calling or shopping.

One of Over a Dozen Models of the Chambers

This Range Cooks With the Gas Turned Off

**Dollars Saved on Each Gas Bill** If you use a Chambers, because you use the gas only to start the cooking, and the range finishes it with gas turned off. The round hoods and insulated oven are insulated two inches thick and hold the heat for several hours. **Better flavor** is the result of cooking by the fireless method, because the insulated hoods and oven retain flavors and juices that ordinary cooking will not.

**The Construction of the Chambers is the very best possible**, the range being lined with a non-rusting metal which insures long life. **Farmers** can use the Chambers and burn Blau-Gas. We install Blau-Gas Systems. Don't Miss This Demonstration

## VOTE FOR AMENDMENT NO. 1

Failure to vote for an amendment to the state constitution is the same as voting against it.

That is why the voters of Minnesota should inform themselves on the amendments to be voted on at the election November 7th. The man who passes the amendments by because he does not understand them is blindly voting against them and he may be doing himself and others an injustice.

Amendment No. 1 is of vital importance to every citizen of the state, for it involves the development of state lands and the building up of the permanent school fund of the state. It provides that a revolving fund of \$250,000 shall be set aside for the building of roads and ditches and the clearing of state lands.

Under its operation it will be possible for the state which still owns 2,000,000 acres of land in northern Minnesota, to partially develop tracts of its land and put them on the

market for purchase by actual settlers. The cost of the improvements will be charged against the land and added to the minimum price, so they will be paid by the purchaser. The sale of state lands will thus be hastened and additional funds added to the permanent school fund; the lands partially improved will bring better prices and the permanent school fund will benefit.

The amendment does not contemplate any ultimate expenditure by the state. When the need for the revolving fund exists no longer it will be turned into the permanent school fund intact. Only \$250,000 can be used; it will be returned by the purchasers of the land, and will be used only until the state land is sold.

## DOMESTIC VIRTUES IN THE ARMY

The Indianapolis News tells of a young wife who went to visit her national guard husband at camp. She had expected to find him marching or shooting. Instead, she found him peeling potatoes and stirring a meat stew, with a lot of dishes piled up to wash.

This made a "hit" with the wife. She remembered with keen interest that her husband had an insuperable aversion to washing dishes, that he could never under any circumstances be persuaded to peel potatoes in his own kitchen, and that he not only hated to do any form of cooking but had absolutely refused to learn throughout their married life. And here he was, installed as cook for his company, and getting away with the job fairly well, considering his natural limitations—and more marvelous still, doing it cheerfully! She laughed and laughed at the embarrassed cook, and yet was proud of him.

The incident suggests that there are excellent things other than fighting that a man learns in a military organization. There might be less opposition on the part of women to their men-folks embarking on military careers if they realized that the men would probably learn something about housekeeping during their term of service. Every man ought to be able to cook simple dishes, anyhow; the lack of such ability is a serious defect in practical education. The man who admits, or even boasts, that he can't cook a meal or wash dishes or do the marketing or make a bed is in the same class as the woman who

never reads the papers and hasn't the slightest understanding of her husband's business.

Order is another thing that a soldier or a guardman learns. And most women will readily agree that it will make amends for a good deal of feminine sacrifice to have a husband or son acquire the habit of keeping his own things in order and refraining from messing up other people's things. Army life may be crude and primitive in some ways; but in these respects, at least, it's a civilization.

## MAY BE WORK OF INCENDIARY

Mrs. C. H. Heath Finds Bottle of Kerosene and Kerosene Oil on Floor of Their House

BLAZE THERE ON OCTOBER 17th

Search Being Made for Miscreants Who Fired the Place, Said Mrs. Heath in Interview

That incendiaries were at work in the building owned by Mr. and Mrs. C. H. Heath and situated at 506 South Fifth street, is the charge made by Mrs. Heath.

There was a small fire there between 4 and 5 o'clock Tuesday afternoon and the department used a chemical and quickly extinguished it, the damage being about \$50.

Flames burned about the rear door. Mrs. Heath says she was at their home at 708 South Fifth street when Mrs. P. E. McCabe called her up and said there was smoke pouring out of the place at 506 South Fifth street.

Mrs. Heath turned in the alarm and then hurried down to the vacant structure. At the rear door she found a quart bottle partly filled with kerosene and also saw kerosene splashed on the floor and walls. The building was formerly located on Laurel street and measures 56 feet long by 16 feet wide and is a story in height. Her husband removed it from Laurel to South Fifth street.

She said some parties were suspected of the evil work and that they were making an investigation of their own. The insurance carried on the building was \$600.

## POLITICAL MEETING

Democrats Will Start Campaign in City on Thursday Evening at the Park Opera House

Thursday evening Hon. J. C. Chamberlayne will deliver an address from the democratic standpoint at the Park opera house. He is said to be a talented orator. W. F. Donohue, democratic candidate for congress, will also speak, and Hon. W. J. Quinn of St. Paul, will appear for the democratic party of Minnesota.

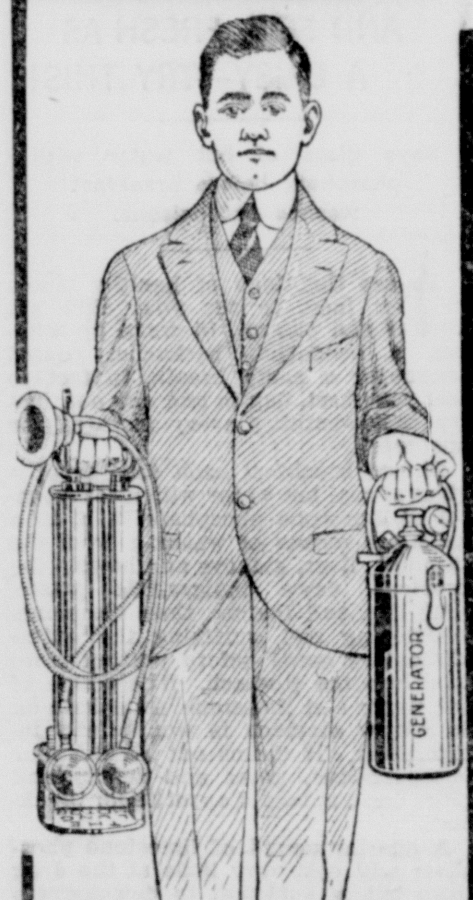

## Notice I. S. W. A.

Pursuant to order of Grand Lodge a vote is to be taken on change of name of order at our next meeting, Oct. 20th. It's important that every member attend. Refreshments will be served.

## Gentle—But Sure

Biliousness, sick headache, sour stomach, gas, bloating, constipation, dyspepsia—all these distressing consequences of retaining a mass of undigested and fermenting food in the stomach are avoided if the bowels are kept open and regular. ## GOV. BURNQUIST REPLIES TO BOARD

In response to numerous requests from outside, as well as local sentiment, the advisory board of the Chamber of Commerce took up the matter of a special session of the legislature at their recent meeting and notified Governor Burnquist that they would recommend the same to the Chamber at its next meeting, and the following reply has been received by President Cohen:

Mr. Henry I. Cohen,  
Pres. Chamber Commerce,  
Brainerd, Minn.

Dear Sir: I beg to acknowledge receipt of your telegram of today, addressed to the governor, advising him that the advisory board of the Chamber of Commerce of your city will recommend to the Chamber at its next meeting support of an executive call of the state legislature in special session to pass such legislation as will make it possible for Minnesota soldiers now at the front to vote at the coming election. The governor has not yet reached a decision with reference to the special session but will give your request very careful consideration.

Very truly yours,  
CHARLES M. ANDRIST,  
Secretary to the Governor,  
St. Paul, Oct. 16, 1916.

## TALKS ON THRIFT

The Champion Saver Never Bought on Credit and Saved Something Every Week

To be singled out of a thousand people presenting a plan of life that best evidences the habit of thrift as applied to good living, and awarded the first prize of \$150, is a worthy honor, to be coveted by any man. This happy experience has recently befallen the Rev. W. C. Poole of Ocean City, Md., to whom the award was made by a committee of prominent bankers and business men, in a thrift contest conducted by the New York Evening World.

Mr. Poole's salary for the past sixteen years has averaged but \$733.18 aside from house rent and donations. This is about \$15 a week. He has saved \$2,000, visited two expositions, traveled throughout New England by trolley, bought books and magazines, and given to church and charity.

Mr. Poole never buys on credit. He says he has saved \$50 a year by buying for cash and \$150 on things he didn't buy, because he couldn't pay cash. He has kept strict account of all expenditures and each year he has tried to do better with the same money.

He started thriftward by saving a dollar a week and has steadily kept it up. He appropriates ten per cent for church and charity and ten per cent for the savings bank. In his letter he says:

"I have never spent a dollar for tobacco, drink, theatres, movies or so-called fashionable dress, but have met the requirements of a minister in all grades of financial and social church life. When I cannot get what makes me glad I am glad of what I get—or try to be. I have more to be glad of and less to be sad of than any one I know. I have not found any one with a better financial system although I have sought for such. The above system was largely inspired by reading the autobiography when I was a boy, of Benjamin Franklin. The reading of this book should be required of all Americans before they are allowed to vote."

It would seem impossible on so small a salary to live decently and save money, yet Mr. Poole has done it. He has kept at his plan and has succeeded, as can every one who makes up his mind to save money and adopts a definite method. His two rules, "Never buy on credit and save something every week," are sensible and sure to accomplish wonders if consistently followed. They are worth trying out.

## FED 500 FARMERS

Fred T. Lincoln, Secretary of Brainerd Chamber of Commerce, Speaks of Farmers Day

Fred T. Lincoln, new secretary of the Brainerd Chamber of Commerce, in an interview, spoke of the work of the Thief River Falls Commercial club which has featured market days.

At the last market day, said Mr. Lincoln, the club entertained at a satisfying dinner 500 farmers and their wives. Stores of the city boosted the project, merchants advertised in all papers and the result was a lot of business done, benefiting farmers and the town in general.

## COURT ORDERS MAMPEL RELEASED

Federal Court Decides in Gull Lake Caretaker's Favor in Habeas Corpus Proceedings

MIKE SETULA SUES FOR \$5,000

Brings Civil Action in the District Court and Case Will Come up in November

Arthur Mampel, caretaker at the government dam at Gull lake, charged with assaulting Mike Setula, after a hearing in federal court has been ordered released from the custody of Cass county officers. Mampel's attorneys pleaded that Mampel was assaulted by Setula and that the latter was trespassing on government grounds at the dam. Habeas corpus proceedings were brought in the federal court and his release was ordered.

Setula has now started a civil action for \$5,000 damages and Mampel in his answer alleges that he acted in self defense when the shooting of Setula occurred. The case will come up in district court at the November term of court.

Mr. Setula, in an interview this morning, was reticent, upon advice from his attorneys in the civil suit, to discuss the matter.

He did say, however, that he was very much surprised at the action of the court in releasing Mampel upon the evidence that was introduced.

He said that the United States district attorney who would have become bound to prosecute Mampel had Mampel been held to await the action of the federal grand jury and been indicted, is at the same time defending Mampel in the civil action for damages which has been brought, and criticized his conduct in thus appearing on what seem to be opposed sides of the case. It is said that if the district attorney came under the laws of this state he would not be permitted to defend in a civil action growing out of the alleged crime.

Mr. Setula said, too, that the people living in his neighborhood feel that they will be without protection if the acts of government employees at the dam cannot be punished in our own courts.

"I shall insist, notwithstanding what the federal court has done," said Setula, "on the matter coming before the Cass county grand jury when they meet."

## Farmers Discuss Rise in Produce Prices

(By United Press)

Indianapolis, Oct. 18.—That the European war has imposed new problems upon the farming population, is a fact that is to be taken up and fully discussed at the Farmers' National Congress meeting here today for a four days session. Already there has been agitation to the effect that the export of wheat to European countries should be prohibited to avert the possibility of a food shortage in the United States.

The problems of soil fertility and intensive agriculture will be given attention, and recommended as one method of overcoming the unbalanced situation created by the conflict abroad.

The convention will muster such names as those of Gifford Pinchot, Dr. Harvey W. Wiley, and U. S. Senator Hoke Smith of Georgia. Congressman Ralph W. Moss of Indiana, is to address the congress.

## LITTLE PINE

Mr. and Mrs. Kagel and children visited at the Fletcher home in Emily last Thursday.

Mr. and Mrs. John Sydness were Sunday callers at Newman's.

Mrs. Pete Sinclair went to Emily last Thursday.

Peter Peterson and sons, Willie and George, were business callers in Aitkin Saturday.

Mr. Johnson, of Aitkin, visited at the home of Frank Mickelson Saturday and Sunday.

The Rosko brothers of Brainerd, were hunting in this vicinity last Sunday.

Chas. Olson, who was hurt by a dynamite explosion a couple of weeks ago, is improving rapidly and returned to his home last Friday.

Frank Mickelson, Peter Peterson and Mr. Johnson, of Aitkin, motored to Aitkin Sunday afternoon.

Tina Anderson, Myrtle, Louis and John Peterson visited at Frank Mickelson's home last Sunday.

Mrs. C. Bush and Mrs. F. Endicott and children were Emily callers last Saturday.

Willie Peterson and Joe Bass motored to Aitkin Monday.

Goldie Sinclair called at Kagel's one day last week.

Mr. and Mrs. F. Carter called at Sydness' Sunday afternoon.

LITTLE MAID.

## C. A LINDBERGH IN BRAINERD

Congressman of the Sixth District is a Guest of His Friends, Mr. and Mrs. A. M. Opsahl

HIS DAUGHTER IS VERY SICK

Received a Telegram That Mrs. L. B. Roberts, in California, Not Expected to Live

Hon. C. A. Lindbergh, of Little Falls, congressman of the sixth district, came from Little Falls today and is the guest of his friends, Mr. and Mrs. A. M. Opsahl. He has lately returned from California where he visited his daughter. In alighting from the train, the congressman suffered a sprain. He has recovered from that.

Congressman Lindbergh received a telegram stating this daughter, Mrs. L. B. Roberts, who is ill in California, is in a very critical condition and little hopes are entertained for her recovery. Mr. Lindbergh recently returned from California and at that time Mrs. Roberts was resting easy although very weak. She has failed greatly in the last few days. Mr. Lindbergh may leave for the west tonight.

## Irrigation Congress

(By United Press)

El Paso, Tex., Oct. 18.—After an important session today devoted to irrigation laws and legislation, irrigation practice, and markets and marketing, the twenty-third international congress ended its annual meeting, probably the most important it has ever held.

The work the irrigation congress has been carrying on for years for greater uniformity in irrigation and drainage laws of the various states today bore fruit in a report submitted to the congress by a special committee, recommending necessary changes in pending legislation. Heads of the legal departments of the reclamation service contributed many valuable suggestions toward more uniform laws.

White had shot at a duck, and as it fluttered down, he turned in the "pumpkin seed" and shot at another.

The wounded duck flapped down and struck White in the neck and dumped him out. He had on a heavy coat, and in the boat were the sack of decoys, shells, etc. White went down and submerged completely. He came up puffing and struck out for the "pumpkin seed" and managed to hang on.

He was about 700 feet from shore, in the rice bed with some 40 feet of mud under him. White got on the "pumpkin seed" and Koop rowed out in the little duck boat and took him ashore.

The "pumpkin seed" was righted and had not lost a single shell or decoy. During this time Coffrain and Deering were shooting at the point. White was cold and wet and ran down to them. Coffrain wanted the "pumpkin seed" and said there were a lot of ducks on the south end of the lake. "Be careful when you use it," said White.

"Have you ever been out in a duck boat before?" asked White. Coffrain said, "Yes."

Coffrain then started out across the lake, the distance being a mile to a mile and a half. It was about 5 o'clock. The three saw him go over the lake and paddle out of sight.

Clouds were forming in the sky and it was growing dark. They heard him shooting at about 5:30 o'clock. Deering and White took the other boat.

Later they met Koop and he asked where "Sunny" was.

They went ashore and unloaded a boat load of stuff they were transferring to camp. They supposed Coffrain might have gone to a farm house, Andrew's hunting camp.

A woman there said a man had been at the house and heard some one yelling for help at dusk. They searched all around the lake for the boat.

When daylight came in the morning the overturned boat was found 25 feet from shore. The wind had blown it across the lake to the rushes. There was nothing in the boat. A log was marked to identify the place where the boat had been found.

Mr. White said they might tell within half a mile the spot where Coffrain went down. The lake was perfectly calm at 5:30 Sunday evening. The draft from the hollows, however, produced sound pockets and did not carry the voice well. This caused the farmer to hear Coffrain's cries while they did not hear a single shout.

White said the lake had been sounded within a radius of some distance from the spot where Coffrain was thought to have met his death and the water was not over ten feet deep, and had a hard bottom.

Boats have been hauled across country from Outing and Washburn lake.

Mr. Deering and Mr. White believe they were about a quarter of a mile from Coffrain that Sunday afternoon at 5:30 o'clock when he sank in the lake. They did not hear him.

Ivy Stearns, Mrs. Jack Smith, Mrs. Jay Gould and Mrs. Chris Kling motored to Crosby recently.

Archie Andrews had his hand mangled working in the Rowe mine. It was later amputated.

James McMahon of Remer, has rented the Crescent restaurant owned by Alfred Williams.

Miss Celia Lord went to Ironton Thursday.

Winnifred Anderson returned from a business visit in Duluth.

Henry Arneson sprained his arm while hauling wood.

Mrs. Gardner, Mr. and Mrs. Sleeper and daughter of Brainerd, called on James Kramer Sunday.

Louise Algrin and Zenie Tanner went to Brainerd Sunday evening after Mrs. Algrin and Mrs. Miller and baby.

White said the lake had been sounded within a radius of some distance from the spot where Coffrain was thought to have met his death and the water was not over ten feet deep, and had a hard bottom.

Boats have been hauled across country from Outing and Washburn lake.

## "FISHERMAN JOHN" TO SEARCH FOR THE BODY

(Continued from page 1)

out in a Ford truck. No ducks had been located at Pelican lake.

The two parties then joined forces and the four set out for Washburn lake. At Cross Lake "Bob" Andrews told them they had a better chance at Lake George.

The four hunters then went to the pass between upper and lower Lake George, which was about 2 o'clock Sunday afternoon.

Dean White went out in the rice beds and the "pumpkin seed," as the duck boat is known, upset and White struggled about in the icy depths. Deering and Coffrain were then shooting at a point below.

The "pumpkin seed" is about 10 feet long and four feet wide, covered with canvas and having a space just large enough to contain the occupant and his supplies.

White had shot at a duck, and as it fluttered down, he turned in the "pumpkin seed" and shot at another. The wounded duck flapped down and struck White in the neck and dumped him out. He had on a heavy coat, and in the boat were the sack of decoys, shells, etc. White went down and submerged completely. He came up puffing and struck out for the "pumpkin seed" and managed to hang on.

He was about 700 feet from shore, in the rice bed with some 40 feet of mud under him. White got on the "pumpkin seed" and Koop rowed out in the little duck boat and took him ashore.

The "pumpkin seed" was righted and had not lost a single shell or decoy.

During this time Coffrain and Deering were shooting at the point. White was cold and wet and ran down to them.

Coffrain wanted the "pumpkin seed" and said there were a lot of ducks on the south end of the lake.

"Be careful when you use it," said White.

"Have you ever been out in a duck boat before?" asked White.

Coffrain said, "Yes."

Coffrain then started out across the lake, the distance being a mile to a mile and a half. It was about 5 o'clock. The three saw him go over the lake and paddle out of sight.

Clouds were forming in the sky and it was growing dark. They heard him shooting at about 5:30 o'clock. Deering and White took the other boat.

Later they met Koop and he asked where "Sunny" was.

They went ashore and unloaded a boat load of stuff they were transferring to camp. They supposed Coffrain might have gone to a farm house, Andrew's hunting camp.

A woman there said a man had been at the house and heard some one yelling for help at dusk. They searched all around the lake for the boat.

## MAY BE WORK OF INCENDIARY

Mrs. C. H. Heath Finds Bottle of Kerosene and Kerosene Oil on Floor of Their House

BLAZE THERE ON OCTOBER 17th

Search Being Made for Miscreants Who Fired the Place, Said Mrs. Heath in Interview

That incendiaries were at work in the building owned by Mr. and Mrs. C. H. Heath and situated at 506 South Fifth street, is the charge made by Mrs. Heath.

There was a small fire there between 4 and 5 o'clock Tuesday afternoon and the department used a chemical and quickly extinguished it, the damage being about \$50.

Flames burned about the rear door, Mrs. Heath says she was at their home at 708 South Fifth street when Mrs. P. E. McCabe called her up and said there was smoke pouring out of the place at 506 South Fifth street.

Mrs. Heath turned in the alarm and then hurried down to the vacant structure. At the rear door she found a quart bottle partly filled with kerosene and also saw kerosene splashed on the floor and walls. The building was formerly located on Laurel street and measures 56 feet long by 16 feet wide and is a story in height. Her husband removed it from Laurel to South Fifth street.

She said some parties were suspected of the evil work and that they were making an investigation of their own. The insurance carried on the building was \$600.

## POLITICAL MEETING

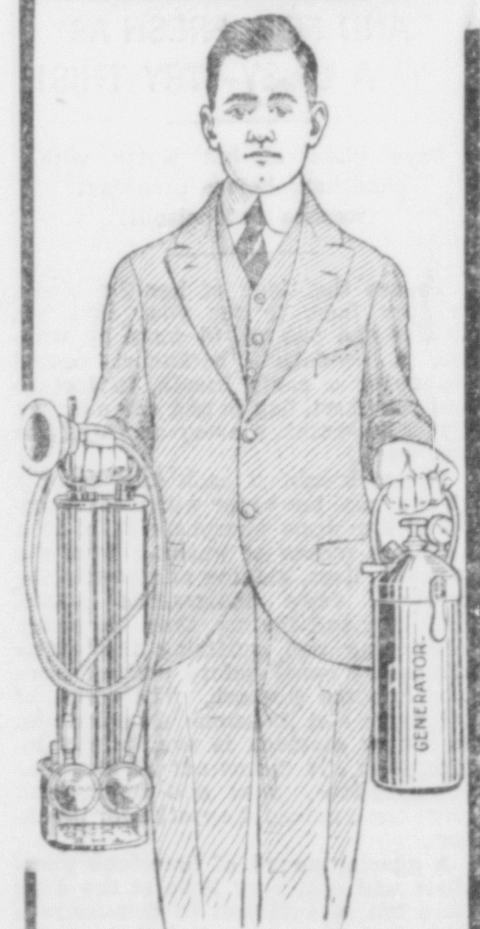

Democrats Will Start Campaign in City on Thursday Evening at the Park Opera House

Thursday evening Hon. J. C. Chamberlayne will deliver an address from the democratic standpoint at the Park opera house. He is said to be a talented orator. W. F. Donohue, democratic candidate for congress, will also speak, and Hon. W. J. Quinn of St. Paul, will appear for the democratic party of Minnesota.

Notice I. S. W. A. Pursuant to order of Grand Lodge a vote is to be taken on change of name of order at our next meeting, Oct. 20th. It's important that every member attend. Refreshments will be served.

Gentle—But Sure Biliousness, sick headache, sour stomach, gas, bloating, constipation, dyspepsia—all these distressing consequences of retaining a mass of undigested and fermenting food in the stomach are avoided if the bowels are kept open and regular. ## GOV. BURNQUIST REPLIES TO BOARD

In response to numerous requests from outside, as well as local sentiment, the advisory board of the Chamber of Commerce took up the matter of a special session of the legislature at their recent meeting and notified Governor Burnquist that they would recommend the same to the Chamber at its next meeting, and the following reply has been received by President Cohen:

Mr. Henry I. Cohen,  
Pres. Chamber Commerce,  
Brainerd, Minn.

Dear Sir: I beg to acknowledge receipt of your telegram of today, addressed to the governor, advising him that the advisory board of the Chamber of Commerce of your city will recommend to the Chamber at its next meeting support of an executive call of the state legislature in special session to pass such legislation as will make it possible for Minnesota soldiers now at the front to vote at the coming election. The governor has not yet reached a decision with reference to the special session but will give your request very careful consideration.

Very truly yours,  
CHARLES M. ANDRIST,  
Secretary to the Governor.  
St. Paul, Oct. 16, 1916.

## TALKS ON THRIFT

The Champion Saver Never Bought on Credit and Saved Something Every Week

To be singled out of a thousand people presenting a plan of life that best evidences the habit of thrift as applied to good living, and awarded the first prize of \$150, is a worthy honor, to be coveted by any man. This happy experience has recently befallen the Rev. W. C. Poole of Ocean City, Md., to whom the award was made by a committee of prominent bankers and business men, in a thrift contest conducted by the New York Evening World.

Mr. Poole's salary for the past sixteen years has averaged but \$733.18 aside from house rent and donations. This is about \$15 a week. He has saved \$2,000, visited two expositions, traveled throughout New England by trolley, bought books and magazines, and given to church and charity.

Mr. Poole never buys on credit. He says he has saved \$50 a year by buying for cash and \$150 on things he didn't buy, because he couldn't pay cash. He has kept strict account of all expenditures and each year he has tried to do better with the same money.

He started thriftward by saving a dollar a week and has steadily kept it up. He appropriates ten per cent for church and charity and ten per cent for the savings bank. In his letter he says: "I have never spent a dollar for tobacco, drink, theatres, movies or so-called fashionable dress, but have met the requirements of a minister in all grades of financial and social church life. ## Irrigation Congress

(By United Press)

El Paso, Tex., Oct. 18.—After an important session today devoted to irrigation laws and legislation, irrigation practice, and markets and marketing, the twenty-third international congress ended its annual meeting, probably the most important it has ever held.

The work the irrigation congress has been carrying on for years for greater uniformity in irrigation and drainage laws of the various states today bore fruit in a report submitted to the congress by a special committee, recommending necessary changes in pending legislation. Heads of the legal departments of the reclamation service contributed many valuable suggestions toward more uniform laws.

## BRAINERD'S ODDEST STORIES TODAY

A newcomer in the city approached the reporter confidentially and asked where the "Rathskeller" was in Brainerd. That brought up visions of the beer palace at Minneapolis, the Wet Goods place, the Bismarck in Chicago, etc. The "Rathskellers" in Brainerd are nowadays under wood piles, in sand banks, under cement sidewalks, etc.

## DEAN LAKE RIPPLES

Mr. and Mrs. Gust Wenzel and son Carl and Dorothy Gibb of Aitkin, motored to Brainerd and enjoyed a very pleasant visit with the latter's parents, Mr. and Mrs. John Gibb of North Long Lake.

Mr. and Mrs. Homer Wells entertained some of the popular young people of the neighborhood at a "Bear Party," the other evening. Everyone reported a ripping good time.

Wedding bells were ringing in the neighborhood when Lena Tholen, daughter of Mr. and Mrs. William Tholen, became the bride of George Blasz of Ironton. The young couple will reside at Ironton where Mr. Blasz is employed at the mines. Best wishes for a very happy wedded life.

Everyone is invited to attend a dance at John Masson's Saturday evening, Oct. 21st.

Mrs. Kasparek and the Hofer family attended church in Aitkin Sunday.

August Johnson of Dean Lake, shot a large black bear last week. The bear had invaded his pig pen and had torn a shoulder from one of his pigs. The bear dressed 300 pounds.

August Wenzel was a caller at Gust Wenzel's Sunday.

The foundation is laid for the new woodshed at school district No. 90. Everyone is anxious to see the completion of the shed.

Edwin Wenzel was an Aitkin visitor Monday.

Mr. and Mrs. Richard Terry visited the former's parents, Mr. and Mrs. Robert Terry of Pine Knoll.

"BOB WHITE"

## Cut This Out—It is Worth Money

Don't miss this. Cut out this slip, enclose with five cents to Foley & Co., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup, Foley Kidney Pills and Foley Cathartic Tablets. ## "FISHERMAN JOHN" TO SEARCH FOR THE BODY

(Continued from page 1)

out in a Ford truck. No ducks had been located at Pelican lake.

The two parties then joined forces and the four set out for Washburn lake. At Cross Lake "Bob" Andrews told them they had a better chance at Lake George.

The four hunters then went to the pass between upper and lower Lake George, which was about 2 o'clock Sunday afternoon.

Dean White went out in the rice beds and the "pumpkin seed," as the duck boat is known, upset and White struggled about in the icy depths. Deering and Coffrain were then shooting at a point below.

The "pumpkin seed" is about 10 feet long and four feet wide, covered with canvas and having a space just large enough to contain the occupant and his supplies.

White had shot at a duck, and as it fluttered down, he turned in the "pumpkin seed" and shot at another. The wounded duck flapped down and struck White in the neck and dumped him out. He had on a heavy coat, and in the boat were the sack of decoys, shells, etc. White went down and submerged completely. He came up puffing and struck out for the "pumpkin seed" and managed to hang on.

He was about 700 feet from shore, in the rice bed with some 40 feet of mud under him. White got on the "pumpkin seed" and Koop rowed out in the little duck boat and took him ashore.

The "pumpkin seed" was righted and had not lost a single shell or decoy.

During this time Coffrain and Deering were shooting at the point. White was cold and wet and ran down to them.

Coffrain wanted the "pumpkin seed" and said there were a lot of ducks on the south end of the lake.

"Be careful when you use it," said White.

"Have you ever been out in a duck boat before?" asked White.

Coffrain said, "Yes."

Coffrain then started out across the lake, the distance being a mile to a mile and a half. It was about 5 o'clock. The three saw him go over the lake and paddle out of sight.

Clouds were forming in the sky and it was growing dark. They heard him shooting at about 5:30 o'clock. Deering and White took the other boat.

Later they met Koop and he asked where "Sunny" was.

They went ashore and unloaded a boat load of stuff they were transferring to camp. They supposed Coffrain might have gone to a farm house, Andrew's hunting camp.

A woman there said a man had been at the house and heard some one yelling for help at dusk. They searched all around the lake for the boat.

When daylight came in the morning the overturned boat was found 25 feet from shore. The wind had blown it across the lake to the rushes. There was nothing in the boat. A log was marked to identify the place where the boat had been found.

Mr. White said they might tell within half a mile the spot where Coffrain went down. The lake was perfectly calm at 5:30 Sunday evening. The draft from the hollows, however, produced sound pockets and did not carry the voice well. This caused the farmer to hear Coffrain's cries while they did not hear a single shout.

White said the lake had been sounded within a radius of some dis-

## Continue to Shine

BY HAMILTON  
(United Press Staff Correspondent.)

New York, Oct. 18.—Although in Philadelphia only a few members of the famous old Mackian machine still are working for Connie Mack, none of the lustre has faded from a majority of the players who took part in the wonderful playing of the Athletics.

In nearly every club which finished well up among the leaders in the big league races just finished, there are one or two former White Elephants who were cast adrift or sold by Mack when he began the dismemberment of the club.

Among members of the champion Red Sox are Jack Barry, who played shortstop in the \$100,000 infield; Herb Penneck, pitcher; Weldon Wyckoff, pitcher, and Jimmy Walsh, outfielder.

The Dodgers, champions of the National League, also have a former Athletic star in Jack Coombs, the most remarkable comeback, it seems, of all times.

With the White Sox are Eddie Murphy, Jack Lapp and Eddie Collins, all of whom were members of the noted Philadelphia juggernaut team.

Frank Baker and Rube Oldring took part in the fine race made by the Yankees, and Bob Shawkey was the most consistent winning pitcher of the New Yorkers.

Eddie Plank, victor in many a world's series battle, went through a successful season with the Browns.

In Philadelphia, but on the National league club, another member of the former "Invincible" White Elephants did duty. Chief Bender, after a trip to the Feds, went back to the city of his first love and worked the season for Pat Moran's Phillies.

The Braves hold in their tepee no members of the famous team on which they put their trade-mark in four straight games two years ago.

But in the two leading clubs of both National and American leagues former Mack stars played a big part in keeping them in the race until late in the season. Bender's assistance to the Phillies was of the silent kind, but his work was good at times, and his advice was admitted by Moran to be worth while at more than one point in the race.

## Has Improved Pirates

BY HAMILTON  
United Press Staff Correspondent

New York, Oct. 16.—Jimmy Callahan, who made way for Clarence Rowland when Charley Coniskey decided Callahan was not the man to manage the White Sox into an American league pennant, has done some things to the Pirates which may elevate the Pittsburgh club to a point where it again will become a pennant contender. Jimmy has tinkered here and there, dropped players, changed the positions of others, and has put a little more all around fight into nearly every corner of the squad.

Fred Clarke bequeathed Callahan several good ball players, among them being, of course, Hans Wagner. Callahan also found Max Carey, Al Mam-

aux, Bill Hinchman, Douglas Baird, Doc Johnston, Cooper, Bob Harmon, Dan Costello, Jimmy Vois, Gibson and Murphy. Of these only a few remain and their places are being filled by youngsters who are learning to play the Callahan brand of baseball.

Callahan always has been a marvel at developing pitchers. Glance over the record he made with the White Sox. He left behind him what once was a most wonderful collection of star artists, among them being Joe Benz, Red Russell, Jim Scott and Eddie Cicotte.

Urban Faber also had his major league baptism under Callahan tutelage. Consequently, one would expect Callahan's pitchers to be the brightest spot in the new Pirates, and the exception is well founded. Callahan already has begun to build up a pitching staff which in time should give an excellent account of itself. Grimes, a youngster from the south, is one of the most promising. Already he has won his spurs in fast company and will be given all the opportunity in the world next spring. There is no use to discuss Al Manaux. He has been a star for several years. Evans also appears to be a comer, and two others who spent their first year in the majors this season are Miller and Jacobs.

Warner and Baird are the candidates for third base and both are fine performers. Jimmy Smith, shortstop, is a miraculous fielder, but woefully weak as a hitter. Carson Bigbee, a real hitter, but an outfielder by rights, has done such good work at second base that he may be retained in that position. There is little chance that Doc Johnston and Hans Wagner will not split the first basing duties between them next season.

Bill Hinchman may be out of a big league job next year, but Max Carey and Farmer are two excellent fly chasers, and one more man would round out a fairly efficient outfield. Callahan finished fifth this year, in the same place where Fred Clarke finished. There are reasons to believe he will do better in 1917.

There are three reasons why France is grateful to the United States, says the lieutenant. They are the 100 American aviators in the French army, of whom two have been killed and four decorated with the war cross for bravery under fire; the American ambulance, of which there are 200 at work, and the American hospital, which, the lieutenant says, is the finest in France.

There are three reasons why France is grateful to the United States, says the lieutenant. They are the 100 American aviators in the French army, of whom two have been killed and four decorated with the war cross for bravery under fire; the American ambulance, of which there are 200 at work, and the American hospital, which, the lieutenant says, is the finest in France.

St. Paul, Oct. 16.—This is a bad season for cats. Minnesota farmers, according to the state agricultural bureau, have received numerous offers from eastern fur houses, saying cat fur will take the place of more expensive fur for dress and cloak trimmings. Gopher farm boys got the tip and started to help convert all possible felines into imported collarettes. Fur dealers here are paying \$2 each for the furs.

## Easier to Stop Now

It is easier to check a bronchial cough now than later. Coughs grow worse the longer they continue. Foley's Honey and Tar stops tickling in throat, allays inflammation and irritation, restores sore and discharging membranes to healthy condition, opens congested air passages, and affords longed for relief. H. P. Dunn, druggist.—Adv

# GERMANS MAKE BOLD MOVEMENT

Instead of Breaking Line Near Lutsk Hammer South Flank.

## BATTLE CONSTANTLY RAGES

Teutons and Russians Fight Hand-to-Hand Without Decisive Result. Apparently Latest Move Is Effort to Divide Enemies.

Petrograd, Oct. 18.—The whole of General Brussiloff's front from the district of Kovel to Roumania presents an almost continuous battle line, with large Russian and Austro-German forces constantly engaged in attacks and counter attacks, each side successfully defending its position, but making no lasting progress against its opponents.

It has become evident that the intention of breaking through the northern sector of General Brussiloff's line and recapturing Lutsk has been supplemented since Roumania's entry into the war by a more audacious plan—a move at the extreme southern flank by the Austro-Germans in the hope of separating the Russian armies from their new allies.

## Germans Concentrate at Bukovina.

To this end the Austro-Germans have concentrated heavy forces at the southern tip of Bukovina where the southern flank of the Russians joins the northern flank of the Roumanians and have begun an advance south of Dorna-Watra.

They are accompanying this with a vigorous attack slightly further north near Korosmezo and Kiribaba and a parallel movement against the Roumanians in Transylvania.

Thus far the drive of the Teutonic allies against the Roumanians has been more successful than that against the Russians, for while the former are retiring toward their own frontier, the Russians, as far as is known at present, have not been compelled to give way before the powerful offensive directed against them.

## Drive Only Begun.

The Austro-German movement, however, is still in its early stages and a tremendous struggle is expected on this part of the front. Already the Russians have begun counter maneuvers, as is attested by the number of prisoners taken in the Kiribaba region, where the first attack of the Austro-Germans, in the view of military observers, bears little semblance of success.

Pierce fighting still continues southeast of Vladimir-Volynski in Volhynia and south of Brzezany in Galicia.

At these two points, covering respectively the roads to Vladimir-Volynski and Lemberg, a continuous battle is being carried on at close range, leading often to bayonet encounters, but without producing any decisive results.

## SAYS FRANCE IS GRATEFUL

Former Paris Editor Here to "Develop Friendship."

New York, Oct. 18.—Lieutenant Stephane Lauzanne, formerly editor of the Paris Matin, is here on a mission for the national committee of L'Effort de la France et des Allies, which has been formed to develop friendship between France and her allies and with her friends. In the latter class Lieutenant Lauzanne says the United States stands first.

He intends to make a tour of the United States as far as the Pacific coast and to remain in this country at least six months.

There are three reasons why France is grateful to the United States, says the lieutenant. They are the 100 American aviators in the French army, of whom two have been killed and four decorated with the war cross for bravery under fire; the American ambulance, of which there are 200 at work, and the American hospital, which, the lieutenant says, is the finest in France.

## U. S. TOBACCO HELD IN LONDON

British Claim Shippers Failed to Observe Neutrality Order.

London, Oct. 18.—Large consignments of tobacco from the United States for Dutch and Scandinavian ports are being held here on the claim of the government that they fail to comply with the recent arrangement under which cargoes paid for before Aug. 4 and shipped prior to Aug. 30 might proceed to neutral destinations.

Many American tobacco shippers who have their own representatives in Europe with which they do a wholesale business, shipped to them under the impression that the new order would permit such action.

The government, however, contends that proof must be furnished that the cargoes were paid for before Aug. 4 by the actual European buyers.

## Jumps Ten Floors to Death.

St. Louis, Oct. 18.—Noel L. Brown, an insurance agent, jumped from an eleven-story window of an office building to the roof in the court ten floors below. Death was instantaneous.

# GREEKS MENACE ALLIED MARINES

Angry Crowd Swarms in Streets of Athens.

## GENERAL OUTBREAK FEARED

War Minister Calls Out Troops and Draws Cordon About French to Prevent Violence — Greeks Cheer King Constantine Frantically.

Athens, Oct. 18.—Marines from the ships of the entente powers to the number of about a thousand have been landed at Piraeus and have occupied the railway station at Piraeus and several buildings in Athens.

Immediately this became known the streets of Athens swarmed with Greeks frantically cheering King Constantine and chanting the Greek national anthem.

Great crowds marched through the streets, thousands gathered in the neighborhood of the postoffice square.

## Troops Are Ordered Out.

The war minister, General Dracos, ordered out Greek troops and marines to guard every approach to the square in order to prevent any clash between Greek civilians and the French, who occupied that section, establishing a complete cordon about the French and taking all precautions to avoid any incident or accident capable of starting strife.

It is impossible to predict whether trouble can be prevented. The Greek government is fully alive to the fact that Greece's fate hangs on the prevention of further measures on the part of the French commander.

Earlier in the day, a review by King Constantine of the sailors belonging to the vessels of the Greek navy which were taken possession of by the entente allies, was made the occasion of an immense royalist demonstration.

## Crowds Cheer King.

Crowds paraded the streets hauling life-size portraits of sovereigns and wildly cheering for the monarch.

Admiral Damianos, minister of marine, read an order of the day praising the loyalty of the sailors and conduct under most trying circumstances.

After the ceremony, the king assembled the officers about him and addressed them personally, expressing pride that they had scorned offers of money and honors and had remained faithful to their oath and their country.

He gave his word that he would stand by them to the end against whatever consequences their loyalty might entail.

The British legation has explained that the landing of marines at Athens and Piraeus was merely intended to reinforce the police.

## MARCH TO U. S. LEGATION

Royalists Demand Protection From United States Minister.

London, Oct. 18.—A Reuter's dispatch from Athens says: "The situation appears to be dangerous. There have been royalist demonstrations in the streets. Admiral Du Fournet, commander of the entente allied fleet in the Mediterranean, was hissed and a detachment of French sailors was driven back by a hostile crowd."

A procession of some 4,000 malcontents, headed by the Greek and American flags, stopped outside the American legation.

# GREEKS MENACE ALLIED MARINES

Angry Crowd Swarms in Streets of Athens.

## STRIKERS AGAIN ATTACK CARS

Take Advantage of Parade Being Held by New York Policemen.

New York, Oct. 18.—Violence in the city's transit situation was resumed when strikers and sympathizers made several attacks on surface cars in upper Madison avenue.

Bricks were thrown through windows and several passengers were injured and a conductor was assaulted and robbed. Police reserves dispersed the troublemakers.

The strikers apparently took advantage of the fact that 2,400 policemen were parading to display their military efficiency acquired at the summer preparedness camps.

# BERLIN SEES END OF FIGHTING ON SOMME

Berlin, Oct. 18.—"The tragedy on the Somme seems near a climax," says a semi-official statement reporting frightful French and English losses in recent unsuccessful attempts to break the German lines north of the river.

When the British rushed forward for an attack near Guedecourt the Sixth German infantry division left their destroyed position and standing in the face of the approaching enemy turned loose rifle and machine gun fire into dense masses of advancing enemy troops.

The crowded columns were in some places literally mowed down.

"Detailed reports show that the attacks between Oct. 9 and Oct. 13 are to be counted among the largest fighting actions of the whole Somme battle," writes the military critic of the semi-official news agency.

"The object of these huge French and English efforts were Bapaume and Peronne."

## HUGHES IN SOUTH DAKOTA

Declares Underwood Tariff Is "Disastrous Failure."

Mitchell, S. D., Oct. 18.—Charles E. Hughes assailed the administration for the Underwood tariff, which he declared to be a "disastrous failure" and inadequate for the agricultural interests of the nation.

Mr. Hughes spoke before a crowd of farmers, many of whom had come many miles to hear him, in the Corn Palace here.

"Our opponents reaffirm their platform the principle of tariff for revenue only and endorse the Underwood act," Mr. Hughes said.

## ONLY CARRANZA MONEY GOES

Mining Companies and Other Concerns in Mexico Dissatisfied.

Laredo, Tex., Oct. 18.—All mining companies and other concerns in Mexico are prohibited from paying their employees in any but Carranza non-counterfeit money, according to information reaching here.

Many who have been receiving their wages in gold are said to be dissatisfied.

Twenty-six political prisoners, including Carreo Torres, confined in the penitentiary at Monterey, Mexico, overpowered their guard last Thursday and escaped, according to reliable information. Despite efforts of Constitutional troops to apprehend the prisoners, they still are at large.

# DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburger Breast Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

## Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

# RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled. This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

# HAVE ROSY CHEEKS AND FEEL FRESH AS A DAISY—TRY THIS!

Says glass of hot water with phosphate before breakfast washes out poisons.

"I see the tinge of healthy bloom in your face, to see your skin get clearer and clearer, to wake up without a headache, backache, coated tongue or a nasty breath, in fact to feel your best, day in and day out, just try inside-bathing every morning for one week.

Before breakfast each day, drink a glass of real hot water with a teaspoonful of limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys and bowels, the previous day's indigestible waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases and acidity and gives one a splendid appetite for breakfast.

A quarter pound of limestone phosphate will cost very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the blood and internal organs. Those who are subject to constipation, bilious attacks, acid stomach, rheumatic twinges, also those whose skin is sallow and complexion pallid, are assured that one week of inside-bathing will have them both looking and feeling better in every way.

## Used It Eleven Years

There is one remedy that for many years has given relief from coughs, colds, croup and whooping cough. Mrs. Chas. Rietz, Allen Mills, Pa., writes: "I have used Foley's Honey and Tar for the past eleven years and I would not be without it." It promptly relieves hoarseness, tickling throat and wheezy breathing. H. P. Dunn, druggist.—Adv

Eddie Plank, victor in many a world's series battle, went through a successful season with the Browns.

In Philadelphia, but on the National league club, another member of the former "Invincible" White Elephants did duty. Chief Bender, after a trip to the Peds, went back to the city of his first love and worked the season for Pat Moran's Phillies.

The Braves hold in their tepee no members of the famous team on which they put their trade-mark in four straight games two years ago.

But in the two leading clubs of both National and American leagues former Mack stars played a big part in keeping them in the race until late in the season. Bender's assistance to the Phillies was of the silent kind, but his work was good at times, and his advice was admitted by Moran to be worth while at more than one point in the race.

## Has Improved Pirates

BY HAMILTON  
United Press Staff Correspondent.

New York, Oct. 16.—Jimmy Callahan, who made way for Clarence Rowland when Charley Comiskey decided Callahan was not the man to manage the White Sox into an American league pennant, has done some things to the Pirates which may elevate the Pittsburgh club to a point where it again will become a pennant contender. Jimmy has tinkered here and there, dropped players, changed the positions of others, and has put a little more all around fight into nearly every corner of the squad.

Fred Clarke bequeathed Callahan several good ball players, among them being, of course, Hans Wagner. Call-

han also found Max Carey, Al Marnaux, Bill Hinchman, Douglas Baird, Doc Johnston, Cooper, Bob Harmon, Dan Costello, Jimmy Vois, Gibson and Murphy. Of these only a few remain and their places are being filled by youngsters who are learning to play the Callahan brand of baseball.

Callahan always has been a marvel at developing pitchers. Glance over the record he made with the White Sox. He left behind him what once was a most wonderful collection of slab artists, among them being Joe Benz, Red Russell, Jim Scott and Eddie Cicotte.

Urban Faber also had his major league baptism under Callahan tutelage. Consequently, one would expect Callahan's pitchers to be the brightest spot in the new Pirates, and the exception is well founded. Callahan already has begun to build up a pitching staff which in time should give an excellent account of itself. Grimes, a youngster from the south, is one of the most promising. Already he has won his spurs in fast company and will be given all the opportunity in the world next spring. There is no use to discuss Al Marnaux. He has been a star for several years. Evans also appears to be a comer, and two others who spent their first year in the majors this season are Miller and Jacobs.

Warner and Baird are the candidates for third base and both are fine performers. Jimmy Smith, shortstop, is a miraculous fielder, but woefully weak as a hitter. Carson Bigbee, a real hitter, but an outfielder by rights, has done such good work at second base that he may be retained in that position. There is little chance that Doc Johnston and Hans Wagner will not split the first basing duties between them next season.

Bill Hinchman may be out of a big league job next year, but Max Carey and Farmer are two excellent fly chasers, and one more man would round out a fairly efficient outfield. Callahan finished fifth this year, in the same place where Fred Clarke finished. There are reasons to believe he will do better in 1917.

St. Paul, Oct. 16.—This is a bad season for cats. Minnesota farmers, according to the state agricultural bureau, have received numerous offers from eastern fur houses, saying cat fur will take the place of more expensive fur for dress and cloak trimmings. Gopher farm boys got the tip and started to help convert all possible felines into imported collarettes. Fur dealers here are paying \$2 each for the furs.

## Easier to Stop Now

It is easier to check a bronchial cough now than later. Coughs grow worse the longer they continue. Foley's Honey and Tar stops tickling in throat, allays inflammation and irritation, restores sore and discharging membranes to healthy condition, opens congested air passages, and affords longed for relief. H. P. Dunn, druggist.—Adv't

## GERMANS MAKE BOLD MOVEMENT

Instead of Breaking Line Near Lutsck Hammer South Flank.

## BATTLE CONSTANTLY RAGES

Teutons and Russians Fight Hand-to-Hand Without Decisive Result. Apparently Latest Move Is Effort to Divide Enemies.

Petrograd, Oct. 18.—The whole of General Brussiloff's front from the district of Kovel to Roumania presents an almost continuous battle line, with large Russian and Austro-German forces constantly engaged in attacks and counter attacks, each side successfully defending its position, but making no lasting progress against its opponents.

It has become evident that the intention of breaking through the northern sector of General Brussiloff's line and recapturing Lutsck has been supplemented since Roumania's entry into the war by a more audacious plan—a move at the extreme southern flank by the Austro-Germans in the hope of separating the Russian armies from their new allies.

## Germans Concentrate at Bukowina.

To this end the Austro-Germans have concentrated heavy forces at the southern tip of Bukowina where the southern flank of the Russians joins the northern flank of the Roumanians and have begun an advance south of Dorna-Watra.

They are accompanying this with a vigorous attack slightly further north near Korosmezo and Kirilbaba and a parallel movement against the Roumanians in Transylvania.

Thus far the drive of the Teutonic allies against the Roumanians has been more successful than that against the Russians, for while the former are retiring toward their own frontier, the Russians, as far as is known at present, have not been compelled to give way before the powerful offensive directed against them.

## Drive Only Begun.

The Austro-German movement, however, is still in its early stages and a tremendous struggle is expected on this part of the front. Already the Russians have begun counter maneuvers, as is attested by the number of prisoners taken in the Kirilbaba region, where the first attack of the Austro-Germans, in the view of military observers, bears little semblance of success.

Pierce fighting still continues south-east of Vladimir-Volynski in Volhynia and south of Brzezany in Galicia.

At these two points, covering respectively the roads to Vladimir-Volynski and Lemberg, a continuous battle is being carried on at close range, leading often to bayonet encounters, but without producing any decisive results.

## SAYS FRANCE IS GRATEFUL

Former Paris Editor Here to "Develop Friendship."

New York, Oct. 18.—Lieutenant Stephanie Lauzanne, formerly editor of the Paris Matin, is here on a mission for the national committee of L'Effort de la France et des Allies, which has been formed to develop friendship between France and her allies and with her friends. In the latter class Lieutenant Lauzanne says the United States stands first.

He intends to make a tour of the United States as far as the Pacific coast and to remain in this country at least six months.

There are three reasons why France is grateful to the United States, says the lieutenant. They are the 100 American aviators in the French army, of whom two have been killed and four decorated with the war cross for bravery under fire; the American ambulance, of which there are 200 at work, and the American hospital, which, the lieutenant says, is the finest in France.

## U.S. TOBACCO HELD IN LONDON

British Claim Shippers Failed to Observe Neutrality Order.

London, Oct. 18.—Large consignments of tobacco from the United States for Dutch and Scandinavian ports are being held here on the claim of the government that they fail to comply with the recent arrangement under which cargoes paid for before Aug. 4 and shipped prior to Aug. 30 might proceed to neutral destinations.

Many American tobacco shippers who have their own representatives in Europe with which they do a wholesale business, shipped to them under the impression that the new order would permit such action.

The government, however, contends that proof must be furnished that the cargoes were paid for before Aug. 4 by the actual European buyers.

## Jumps Ten Floors to Death.

St. Louis, Oct. 18.—Noel L. Brown, an insurance agent, jumped from an eleventh-story window of an office building to the roof in the court ten floors below. Death was instantaneous.

## GREEKS MENACE ALLIED MARINES

Angry Crowd Swarms in Streets of Athens.

## GENERAL OUTBREAK FEARED

War Minister Calls Out Troops and Draws Cordon About French to Prevent Violence — Greeks Cheer King Constantine Frantically.

Athens, Oct. 18.—Marines from the ships of the entente powers to the number of about a thousand have been landed at Piraeus and have occupied the railway station at Piraeus and several buildings in Athens.

Immediately this became known the streets of Athens swarmed with Greeks frantically cheering King Constantine and chanting the Greek national anthem.

Great crowds marched through the streets, thousands gathered in the neighborhood of the postoffice square.

## Troops Are Ordered Out.

The war minister, General Dracos, ordered out Greek troops and marines to guard every approach to the square in order to prevent any clash between Greek civilians and the French, who occupied that section, establishing a complete cordon about the French and taking all precautions to avoid any incident or accident capable of starting strife.

It is impossible to predict whether trouble can be prevented.

The Greek government is fully alive to the fact that Greece's fate hangs on the prevention of further measures on the part of the French commander.

Earlier in the day, a review by King Constantine of the sailors belonging to the vessels of the Greek navy which were taken possession of by the entente allies, was made the occasion of an immense royalist demonstration.

## Crowds Cheer King.

Crowds paraded the streets hauling life-size portraits of sovereigns and wildly cheering for the monarch.

Admiral Damianos, minister of marine, read an order of the day praising the loyalty of the sailors and conduct under most trying circumstances.

After the ceremony, the king assembled the officers about him and addressed them personally, expressing pride that they had scorned offers of money and honors and had remained faithful to their oath and their country.

He gave his word that he would stand by them to the end against whatever consequences their loyalty might entail.

The British legation has explained that the landing of marines at Athens and Piraeus was merely intended to reinforce the police.

## MARCH TO U. S. LEGATION

Royalists Demand Protection From United States Minister.

London, Oct. 18.—A Reuter's dispatch from Athens says: "The situation appears to be dangerous. There have been royalist demonstrations in the streets. Admiral Du Fournet, commander of the entente allied fleet in the Mediterranean, was hissed and a detachment of French sailors was driven back by a hostile crowd."

"A procession of some 4,000 malcontents, headed by the Greek and American flags, stopped outside the American legation, protested against the landing of foreign marines and demanded the protection of the American minister, who was absent."

## Maxwell Service

Don't buy any car before finding out what service you can get when you need it.

When you do need a replacement part, you need it *immediately*—not tomorrow or in a few days, but *at once*.

Remember this—all Maxwell dealers and branches carry in stock a full supply of Maxwell parts. If you have a minor mishap and require a new part, the Maxwell dealer can fix you up without delay.

This is important. Ask any experienced motorist. Maxwell Service is a vital part of the Maxwell Organization.

Roadster \$580; Touring Car \$595; Cabriolet \$865. Town Car \$915; Sedan \$985. Fully equipped, including electric starter and lights. All prices f. o. b. Detroit.

Mahlum Bldg., Brainerd

Deferred Payments  
If Desired

## DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

## RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled. This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica, and lame back misery so promptly!

## HAVE ROSY CHEEKS

AND FEEL FRESH AS  
A DAISY—TRY THIS!

Says glass of hot water with phosphate before breakfast washes out poisons.

"I see the tinge of healthy bloom in your face, to see your skin get clearer and clearer, to wake up without a headache, backache, coated tongue or a nasty breath, in fact to feel your best, day in and day out, just try inside-bathing every morning for one week.

Before breakfast each day, drink a glass of real hot water with a teaspoonful of limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys and bowels, the previous day's indigestible waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases and acidity and gives one a splendid appetite for breakfast.

A quarter pound of limestone phosphate will cost very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the blood and internal organs. Those who are subject to constipation, bilious attacks, acid stomach, rheumatic twinges, also those whose skin is sallow and complexion pallid, are assured that one week of inside-bathing will have them both looking and feeling better in every way."

## Used it Eleven Years

There is one remedy that for many years has given relief from coughs, colds, croup and whooping cough. Mrs. Chas. Rietz, Allen Mills, Pa., writes: "I have used Foley's Honey and Tar for the past eleven years and I would not be without it." It promptly relieves hoarseness, tickling throat and wheezy breathing. H. P. Dunn, druggist.—Adv't
